Subject: Rezoning 1141 18th street

Hello City of Salmon Arm

My name is Rod Keetch, and I am a home owner near the proposed re-zoning at 1141 18th street.

I am writing in support of the re-zoning of the property. I understand that this was the plan in the OCP, and I am in support of the current timeline for re-zoning of the site to R-4.

I strongly support the engineering recommendation that future development at this site access the development from 18th street and not 11th ave when development plans are presented in the future, and the city reviews and approves development at this site.

Thank you

Sincerely,
Rod Keetch
1760 11th Ave NE
