Highlights from the Regular Board Meeting

Correspondence

Letter from Chair to School District 83

In response to the Board's invitation, Donna Kriger, Superintendent, School District 83 and Dale Culler, Secretary Treasurer, were in attendance to hear concerns regarding the school district's proposed Long Range Facilities Plan. CSRD Directors from the Shuswap region expressed support for the development of a new high school in the Sorrento area.

Committee reports

Shuswap North Okanagan Rail Trail Governance Advisory Committee (November 16,

2021).

The Board supported a series of recommendations regarding the development of two areas of the Rail Trail. This includes:

- engaging Urban Systems Ltd. to provide engineering for the project,
- authorizing staff of the CSRD to supervise the project area from Sicamous to Mara,
- and authorizing staff from the Regional District of North Okanagan (RDNO) to supervise the project area extending from Splatins IR3 through the City of Enderby.

[View Memorandum.](#)

Electoral Area Directors' Committee Meeting (November 30, 2021)

The Board approve, in principle, the implementation of a Bylaw Dispute Adjudication System for the CSRD. Staff will now develop the necessary bylaws and policies for the implementation of the system.

The Board also approved a motion to write a letter to the Southern Interior Local Government Association and the Union of BC Municipalities requesting a workshop regarding food security.

Business General & Business by Area

COVID-19 Safe Restart Grant Allocation

The Board endorsed allocating the remaining \$358,576 from the COVID-19 Safe Restart Grants as recommended by staff for the following purposes:

- \$50,000 Golden Arena (lost revenue & additional expenses)
- \$50,000 Sicamous Arena (lost revenue & additional expenses)
- \$40,000 Sicamous Arena (replacement of damaged flooring due to COVID stickers)
- \$58,576 Cloud based software license fees
- \$50,000 Ongoing technology (additional bandwidth, digital boxes and other remote technological requirements)
- \$10,000 Fleet recovery
- \$50,000 Ongoing operational costs
- \$50,000 Community Organizations

The grant application for non-profit community groups will be developed and advertised on the CSRD website and social media platforms. This second round of community grants is to be announced in spring 2022. **[View report.](#)**

Federation of Canadian Municipalities (FCM) Annual Conference and Trade Show Attendance

The Board discussed Director attendance at the 2022 FCM Conference, which will be held

P34

in Regina, Saskatchewan, June 2 to 5. The item will be brought back for resolution at the January Board Meeting.

2022 Appointments to Committees, Boards, and External Agencies

The Board endorsed the 2022 Appointments to Committees, Boards, and External Agencies. [View appointments.](#)

Grant-in-Aid Requests

The Board approved allocations from the 2021 electoral grant-in-aid budget for projects in Electoral Areas A, E and F. [View report.](#)

Electoral Area E: Area E Community Works Funds – Cambie Hall Community Association

The Board approved spending to \$20,000 plus applicable taxes from the Area E Community Works Fund for a new septic system at the Cambie Community Hall. [View report.](#)

Electoral Area E: Swansea Point Fire Hall - Statutory Right of Way Fee Agreement

The Board agreed to enter into an agreement with Telus Communications Inc. to authorize the location of a cellular tower at the Swansea Point Fire Hall property for lease fee of \$12,000 per year over a 10-year term, commencing January 1, 2022 and expiring on December 31, 2031 with an option to extend for an additional ten-year term. [View report.](#)

Electoral Area C: Disaster Mitigation and Adaptation Fund Grant Application

The Board approved the CSR's application to the Infrastructure Canada Disaster Mitigation and Adaptation Fund in the amount of \$2,886,000 to support the Newsome Creek Bank Stabilization Project. [View report.](#)

Electoral Area F: Lakeview Community Park - Crown Tenure Renewal

Board approved the acquisition of a 30-year Licence of Occupation from the Province for the purposes of community beach and swimming area at the park. [View report.](#)

LAND USE MATTERS

Development Services Business General

Consideration of ALR Exclusion Policy P-24 and Proposed Amendments to

P36

Columbia Shuswap Regional District (CSRD) Development Services Application Fees Bylaw No. 4000 and CSRD Development Services Procedures Bylaw No. 4001

The Board endorsed ALR Exclusion Policy P-24 and approved its inclusion into the CSRD Policy manual, along with associated amendments to the Development Service Applications Fee Bylaw and the Procedures Amendment Bylaw. This Policy was developed after the Agricultural Land Commissions decided that private landowners are no longer able to make an application for exclusion – only the Provincial Government, local or First Nation governments or prescribed public bodies may make such applications. [View report.](#)

ALR Applications

Electoral Area D: Agricultural Land Commission (ALC) Application Section 21(2) – Subdivision LC2585D

The property owners at 7775 & 7665 Cambie Rd, Ranchero have made application to the Agricultural Land Commission (ALC) to subdivide an existing dwelling and yard site from their 59.35 ha property into a 1 ha lot in the Agricultural Land Reserve (ALR). The application states that the subdivision is a homesite severance as the owner has lived on the property since 1966. The Board voted to accept staff's recommendation for refusal. The application will now be sent to the ALC for a decision. [View report.](#)

Electoral Area C: Agricultural Land Commission (ALC), Section 20(3) Non-Farm Use in the Agricultural Land Reserve (ALR) LC2588C

The subject property is located at 4439 Trans-Canada Highway, Tappen. The owner is applying for approval from the Agricultural Land Commission (ALC) to conduct Non-Farm Use in the Agricultural Land Reserve (ALR) in order to confirm, and authorize the various residential, commercial and industrial uses on the property. The Board voted to recommend approval of the application. It will now be sent to the ALC for a decision. [View report.](#)

Release of In-Camera Resolutions

The following resolutions were released from the In-Camera session of the December 9, 2021 meeting:

2022 Revelstoke Landfill Phase 1 Closure Administration and Construction Support

THAT: the Board empower the authorized signatories to enter into an agreement with Sperling Hansen Associates Inc. for the provision of engineering services related to administration and construction support for the 2022 Phase 1 Closure Project at the Revelstoke Landfill, for a total cost of \$41,842 plus applicable taxes.

Electoral Areas C, D, and F: Dog Control Service Contract

THAT: the Board empower the authorized signatories to enter into an agreement with Commissionaires BC for the provision of dog control services for Electoral Area C, Electoral Area D and Electoral Area F for a two-year term commencing January 1, 2022, and expiring on December 31, 2023, for a total cost not to exceed \$148,800 plus applicable taxes.

NEXT BOARD MEETING

The Regular CSRD Board Meeting will be held Thursday, January 20, 2022 in the CSRD Boardroom, 555 Harbourfront Drive NE, Salmon Arm. The Regular Board meeting public session generally starts at 9:30 AM.

Any scheduling changes to the meeting start time will be noted on the Events tab of the CSRD's website.

In-person attendance is available to the public in accordance with current provincial health orders. Masks are mandatory. Seating is limited and will be first-come, first-served.

The public is strongly encouraged to join the meeting via Zoom. Information on how to register for the Zoom meeting access is on the Events tab of the CSRD website under the Board meeting date.

CITY OF SALMON ARM

TO: His Worship Mayor Harrison and Members of Council

DATE: January 5, 2022

SUBJECT: Downtown Street Cleaning Agreement
Salmon Arm Downtown Improvement Association

MOTION FOR CONSIDERATION:

THAT: Council authorize the Mayor and Corporate Officer to execute the agreement (attached to the staff report as Appendix 1) with Salmon Arm Downtown Improvement Association for the provision of downtown street cleaning from January 1, 2022 to December 31, 2024.

Background:

The Salmon Arm Downtown Improvement Association (DSA) has been overseeing street cleaning services in the downtown area for over twenty years. The services are funded by the City and performed in collaboration with Shuswap Association for Community Living (SACL).

The agreement has been attached as Appendix 1. A detailed list of works and services can be found in Schedule A - Scope of Work. Fees for 2022 have been budgeted in the amount of \$18,300.00 (4% increase from 2021) with BC Consumer Price Index increases recommended for 2023 and 2024.

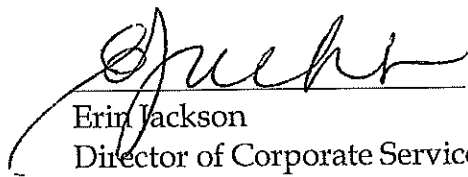

The DSA will be responsible for obtaining and maintaining adequate liability insurance and agrees to indemnify and save the City harmless from any and all claims that arise out of the performance of the works and services.

Recommendation:

It is recommended that Council authorize the Mayor and Corporate Officer to execute the agreement which will provide 1,104 hours per year of street cleaning, leaf raking and

bagging and weed control in the downtown core, for a period of three (3) years commencing January 1, 2022.

Respectfully Submitted,

Erin Jackson
Director of Corporate Services

Appendix 1 - Street Cleaning Contract 2022-2024

STREET CLEANING CONTRACT 2022-2024

THIS AGREEMENT DATED THE _____ DAY OF _____ 2022

BETWEEN:

SALMON ARM DOWNTOWN IMPROVEMENT ASSOCIATION
BOX 1928
SALMON ARM BC V1E 4P9

(hereinafter referred to as the "Contractor")

AND:

CITY OF SALMON ARM
BOX 40
SALMON ARM BC V1E 4N2

(hereinafter referred to as the "City")

It is agreed as follows:

1. Scope of Contract

- a. The Contractor shall provide the City with the works and services as described in Schedule A – Scope of Works & Services, attached hereto and forming part of this Contract;
- b. The works and services identified in Schedule A will be provided by way of a Sub-Contract between the Contractor and Shuswap Association for Community Living (hereinafter referred to as the "Sub-Contractor"). It is the Contractor's responsibility to administer the sub-contract to the satisfaction of the City;
- c. This Contract will commence on January 1, 2022 and provision of the works and services will end on December 31, 2024;
- d. The total Contract price payable by the City to the Contractor is listed in the table on page 2 and is inclusive of all legislative taxes;
- e. The Contractor is responsible for the purchase of any equipment required to complete the works and services; and
- f. The Contractor is an independent organization and the operation thereof is not connected in any way with the City.

2. Terms of Payment

- a. Invoices will be submitted by the Contractor on a quarterly basis, i.e. April 30, June 30, September 30 and December 31 of each year; and
- b. The City will pay the invoices within thirty (30) days of receipt.

The Contractor is responsible for ensuring that the Sub-Contractor is paid as per terms of this Contract.

Year	Yearly Invoice Amount	Details
2022	\$18,300.00	Estimate 1,104 hours per year
2023	\$18,300.00 + BC CPI	Estimate 1,104 hours per year
2024	2023 rate + BC CPI	Estimate 1,104 hours per year

3. Insurance

The Contractor will obtain and maintain insurance coverage in the amount of two million dollars (\$2,000,000) with the City of Salmon Arm named as Additional Insured. The Contractor will provide evidence of such coverage each policy period for the duration of the contract.

4. Alterations

Requested changes to the contract must be made in writing to the City. Changes to this contract are not considered valid without prior written consent of the City.

5. Limitations

- a. This contract is governed by the laws of the Province of British Columbia;
- b. The Contractor cannot commit or purport to commit the City to the payment of any money except pursuant to this Contractor being paid out;

- c. The Contractor shall indemnify and save the City harmless from any and all claims against the City arising out of performance of the works and services under this contract; and
- d. The City's responsibility to the Contractor is limited to the payment of the contract invoices to a maximum amount of the contract value per year.

6. Termination of Contract

The City may terminate this contract with 30 days written notice to the Contractor. The Contractor may terminate this contract with 30 days written notice to the City.

IN WITNESS WHEREOF the parties have hereunto set their respective hands and seals.

CITY OF SALMON ARM by its
authorized signatories

SALMON ARM DOWNTOWN
IMPROVEMENT ASSOCIATION by its
authorized signatories

Alan Harrison, Mayor

Jennifer Broadwell, Manager

Erin Jackson, Corporate Officer

Witness

SCHEDULE A – Scope of Work

Street Cleaning: 925 hours/year

The following areas are to be cleaned three (3) times a week:

The downtown core encompassed East by 6th Street NE, North by Lakeshore Drive, West by Hudson Avenue NW and South by the TransCanada Highway

- Only sidewalks, curbs, alleyways and roadways are cleaned of litter; no park areas or private properties are cleaned
- The Ross Street Parking Lot including the breezeway to Alexander Street
- The Ross Street Plaza excluding inside the washrooms

On Fridays the area that is to be cleaned is to include:

- The Inner Core Parking Lot, Hudson Avenue Avon Parking Lot (100 block of Hudson Avenue)
- TransCanada Highway West, Legion and 4th Street NE Parking Lot
- The area North of the railroad tracks – Marine Park Drive from Lakeshore Drive to the Wharf, Harbourfront Drive area East of Marine Park Drive along Beatty Avenue to the railroad crossing at Hudson Avenue NW
- The Harbour Front area East of Marine Park Drive (approximately 100 m. section)
- The area around Fletcher Park – a triangular area encompassed by Okanagan Avenue, TransCanada Highway and 4th/6th Street NE
- Only sidewalks, curbs, alleyways and roadways are cleaned of litter; no park areas or private properties are cleaned

Exclusions to this Scope of Work:

- Animal feces and bird droppings

Leaf Raking and Bagging: 93 hours/year

This occurs in the Fall when leaves start to fall – typically in October

Weed Control: 86 hours/year

This runs for 14 weeks, starting in May, ending in September. One day per week the following area is weeded:

- The downtown core encompassed East by 6th Street NE, North by Lakeshore Drive, West by Hudson Avenue NW and South by the TransCanada Highway
- Weed control is only on the north side of the TransCanada Highway. Exclusions - the area 6th Street NE on the McGuire Lake side will not be included
- Weed control is done on the sidewalks and curbs only

Total Labour for all contractual responsibilities FROM 2022 TO 2024: 1104 hours per annum

Item 9.2

CITY OF SALMON ARM

Date: January 10, 2022

Moved: Councillor

Seconded: Councillor

THAT: Council approve the Environmental Advisory Committee change in membership from thirteen (13) voting members to fifteen (15) by removing WA:TER and adding the following organizations to the Terms of Reference:

- Canadian Association of Physicians for the Environment (CAPE)
- Shuswap Climate Action; and
- School District No. 83

Vote Record

- ☐ Carried Unanimously
- ☐ Carried
- ☐ Defeated
- ☐ Defeated Unanimously

Opposed:

- ☐ Harrison
- ☐ Cannon
- ☐ Eliason
- ☐ Flynn
- ☐ Lavery
- ☐ Lindgren
- ☐ Wallace Richmond

TO: His Worship Mayor Harrison and Members of Council
DATE: January 3, 2022
SUBJECT: Environmental Advisory Committee Terms of Reference

MOTION FOR CONSIDERATION:

THAT: Council approve the Environmental Advisory Committee change in membership from thirteen (13) voting members to fifteen (15) by removing WA:TER and adding the following organizations to the Terms of Reference:

- Canadian Association of Physicians for the Environment (CAPE);
 - Shuswap Climate Action; and
 - School District #83
-

Background:

The Terms of Reference (attached as Appendix 1), outlines the current composition of the Environmental Advisory Committee. Committee membership includes one (1) Council representative, three (3) Citizens at Large and nine (9) organizations.

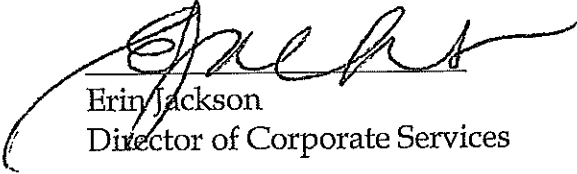

As member organization WA:TER is now defunct, the Committee has adopted a motion to remove it and add CAPE, Shuswap Climate Action and SD#83, bringing the total voting members to fifteen (15). With this change in membership, quorum will be achieved when eight (8) members are present.

CAPE has responded to the invitation to appoint a member by indicating that they recommend Warren Bell, who has been the representative of WA:TER for many years. The Committee supports Dr. Bell's ongoing participation.

Shuswap Climate Action has been active in the community since its inception in late 2019, and the Committee also supports the addition of a representative from that organization, as well as a representative from SD#83. Ceren Caner (teacher at South Canoe Elementary) has been attending as a guest for some time and expressed his interest in continuing as a

voting member. Staff support the change in membership and recommend that Council adopt the Motion for Consideration, which will effectively amend the Environmental Advisory Committee Terms of Reference.

Respectfully Submitted,

Erin Jackson
Director of Corporate Services

Appendices:

Appendix 1 -Environmental Advisory Committee Terms of Reference

City of Salmon Arm
Environmental Advisory Committee
Terms of Reference

The City of Salmon Arm recognizes that we live in a finite world and that the natural ecosystem around us is what we depend on for our survival. As a community we will be respectful of the local and global ecosystems.

The Environmental Advisory Committee, "the Committee", has been established to advise the Council for the City of Salmon Arm on environmental matters.

1. Purpose of the Committee:

To act as an advisory body and resource group to City Council and Administration regarding ways to protect, maintain and enhance the natural environment in accordance with the provisions of the Environmental section of the Official Community Plan.

2. Activities:

1. The Committee shall undertake activities and projects with City Council's support or direction.
2. Project review and comment:
 - 2.1 Council or City staff may elect to forward specific City projects or private development projects to the committee for review and comment. The Committee will provide written review and comment on these projects in a timely manner.
 - 2.2 The Committee may also independently elect to provide review and comment on environmental issues and concerns that come directly to the attention of the Committee.
 - 2.3 The Committee's comments and recommendations will not bind council to a course of action. The Committee's reviews and comments will be presented to Council in a positive, respectful and well researched fashion.
 - 2.4 The Committee's comments and reviews will have due regard for federal, provincial and municipal legislation and the policies and direction of City Council.
 - 2.5 As part of completing recommendations, the Committee may consult with outside parties having an interest in the natural environment such as property owners, the development industry, government agencies, school boards, experts, consultants and

public interest groups. Such consultation would require the approval of City Council.

3. Upon the direction of City Council, the Committee will undertake and co-ordinate with City Administration the completion of natural environmental research projects.
4. The Committee may undertake educational initiatives both formally and informally, which raise the profile of the natural environment of the City of Salmon Arm. The nature of this education will be determined from time to time on the basis of need.
5. The Committee will provide input and comments on environmental aspects of policies of the City of Salmon Arm. Further, the Committee may make recommendations and advise Council on policies to be developed.

5.1 Membership

The Committee shall be composed of 13 members, as follows:

- ◆ One (1) member of City Council;
- ◆ One (1) member appointed to represent Salmon Arm Bay Nature Enhancement Society [SABNES];
- ◆ One (1) representative from the Forest Industry;
- ◆ One (1) representative from the Agricultural Industry;

5.2 Appointment of members, other than the City Councillor and those appointed by a specific group, shall be advertised and ratified by City Council. Committee membership shall be two (2) years. The terms of office for appointments may be varied to provide for continuity in the Committee.

5.3 The Committee shall be chaired by the member of City Council appointed to the Committee. If this Councillor is unable to attend a scheduled meeting, the Committee will appoint a chair from the attending membership at that meeting. Any comments, recommendations or motions of the Committee will be as valid as if the Councillor had been present.

5.4 Fifty percent (50%) + one (1) shall constitute a quorum.

5.5 The Committee may request that members resign after missing three consecutive meetings without prior notice.

5.6 Committee members representing a specific group or organization are responsible for designating an alternate representative of that group or organization if they are unable to attend themselves.

5.7 Procedural Matters

The Committee shall meet once per month at City hall. The date and time of such meetings shall be determined by the Committee, and may be varied at any time by the Committee. The actual starting time may be altered to accommodate site tours. There shall be no regular meeting held during the months of July or August, unless otherwise agreed by a majority of members.

5.8 The City Councillor chairing the Committee may vote on any motion. In the event of a tie vote, the motion is defeated.

5.9 A member of City staff will be available to the Committee on a regular basis to assist with any administrative or procedural matters, including the recording of minutes. City staff members may be invited, from time to time, to attend committee meetings to comment on matters relevant to Committee proceedings.

5.10 There shall be no remuneration payable to members for sitting on the Environmental Advisory Committee.

5.11 Environmental Advisory Committee members shall obtain permission from property owners prior to entering private property.

5.12 Committee meetings are open to the public, but members of the public who attend will not be permitted to vote on any matter before the Committee. Such members of the public may ask questions or make comments, at the discretion of the Committee.

6. Reporting

Committee minutes will be presented to Council for information purposes.

6.1 All recommendations of the Committee must be ratified by Council prior to being actioned.

6.2 The Environmental Advisory Committee is responsible directly to Council.

6.3 All media releases must be ratified by Council.

**CITY OF
SALMON ARM**

File: 2019-36

TO: His Worship Mayor Harrison and Members of Council
FROM: Robert Niewenhuizen, Director of Engineering and Public Works
PREPARED BY: Jenn Wilson, City Engineer
DATE: December 13, 2021
SUBJECT: **ROSS STREET UNDERPASS – SANITARY BUDGET AMENDMENT**

STAFF RECOMMENDATION

THAT: The 2022 Budget contained in the 2022 - 2026 Financial Plan Bylaw be amended to reflect additional funding for the Ross Street Underpass - sewer budget in the amount of \$30,000.00 funded from the Lakeshore Drive Sanitary Upgrade (Alexander St)

AND THAT: The City's Purchasing Policy No. 7.13 be waived in procurement of the additional Construction Services to authorize the sole sourcing of same to Kingston Construction Ltd.

BACKGROUND

The Lakeshore Drive Sanitary Upgrade project is a small 60m section of sanitary pipe that has reached the end of its useful life. The sanitary sewer is located within the limit of works of the Ross Street Underpass, and immediately adjacent to other pipe replacement works within the scope of the Ross Street Underpass project. The Ross Street Underpass project currently includes removal and replacement of the road surface above the subject portion of sanitary main.

Staff propose to combine the Lakeshore Drive Sanitary Upgrade (Alexander Street) project into the Ross Street Underpass project and award the replacement of the sewer to Kingston Construction Ltd. Kingston is already working in the area. Additionally, the City is unlikely to be able to competitively source the work for a lesser price as other contractors would have to include removal and replacement of the road surface within their bid if not completed in conjunction with the underpass project.

With consideration of the above, staff recommend that the 2021 Budget contained in the 2022 - 2026 Financial Plan Bylaw be amended to reflect additional funding for the Ross Street Underpass – Sewer project in the amount of \$30,000.00 funded from the Lakeshore Drive Sanitary Upgrade (Alexander St) and that the work be awarded to Kingston Construction Ltd.

SUBJECT: **PUBLIC WORKS BUILDING RENOVATION – PHASE I CONSTRUCTION**

STAFF RECOMMENDATION

THAT: The 2022 Budget contained in the 2022 – 2026 Financial Plan Bylaw be amended to reflect additional funding for the Phase I Construction of the Public Works Building Renovation in the amount of \$210,000.00, which includes the additional funds required to award the Tender, contingencies, staff time and temporary office spaces. These funds to be reallocated as follows:

- \$76,000.00 from Trans - Machinery & Equipment Building Reserve
- \$50,000.00 from Trans - Public Works Building (OH&S Upgrades) Reserve
- \$42,000.00 from Water Fund - Public Works Building (OH&S Upgrades) Reserve
- \$42,000.00 from Sewer Fund - Public Works Building (OH&S Upgrades) Reserve

AND THAT: Council award the Public Works Building Renovation to 478868 BC Ltd. o/a McDiarmid Construction in accordance with the tendered price in the amount of Nine Hundred and Fifty Nine Thousand One Hundred and Thirty Three and Fifty Cents (\$959,133.50) plus taxes as applicable.

BACKGROUND

The City of Salmon Arm Public Works Yard, commonly known as the "Top Shop", is located at 100 – 30 Street SE was built in the early 1980's. Since this time, only minor interior upgrades/alterations have been completed to the building. The initial improvements were brought forward as a recommendation from the City's Health & Safety Committee due to Worksafe BC requirements and BC Building Code requirements. In addition, throughout the COVID-19 global pandemic it became apparent that the spacing for the additional personnel since is lacking and self-distancing is very difficult in the existing spaces available to staff. During the peak staffing periods in summer months, we have approximately 50-55 staff working out of the Top Shop.

The upgrades within Phase I will include, but not limited to:

- Removal of hazardous materials
- First aid room
- Appropriate washroom facilities
- Inventory & file storage
- Shower station
- Janitorial storage
- Appropriate locker & lunch room
- Exterior improvements (windows, siding, etc)

In 2017 Bernd Hermanski Architect was awarded the consulting services to provide drawings for the proposed upgrade complete with cost estimates. Final Plans and Tender Documents were completed earlier this year by Bernd Hermanski Architect. On Thursday December 9, 2021 tender submissions were received and confirmed as follows:

Company	Tender Amount (excluding applicable taxes)
478868 BC Ltd. o/a McDiarmid Construction	\$ 959,133.50
Maddocks Construction Ltd.	\$ 1,118,699.00

Only two bids were received from the initial list of five potentially interested bidders. Bernd Hermanski Architect states this is "a reflection of the general state of busy-ness in the construction industry". The proposals were evaluated by City's Architect and in consultation with City Staff.

STAFF COMMENTS

The approved funding in 2022 for the renovation is \$815,000.00. Staff have estimated the overall cost at \$1,025,000.00 for construction, temporary offices space, staff time and contingency, resulting in a shortfall of \$210,000.00. We recommend that the budget contained in the 2022 – 2026 Financial Plan Bylaw be amended to reflect additional funding for the Phase I Construction of the Public Works Building Renovation in the amount of \$210,000.00, and that council award the Public Works Building Renovation to 478868 BC Ltd. o/a McDiarmid Construction in accordance with the tendered price of \$959,133.50, plus taxes as applicable.

478868 BC Ltd. o/a McDiarmid Construction has completed numerous successful projects for the City of Salmon Arm.

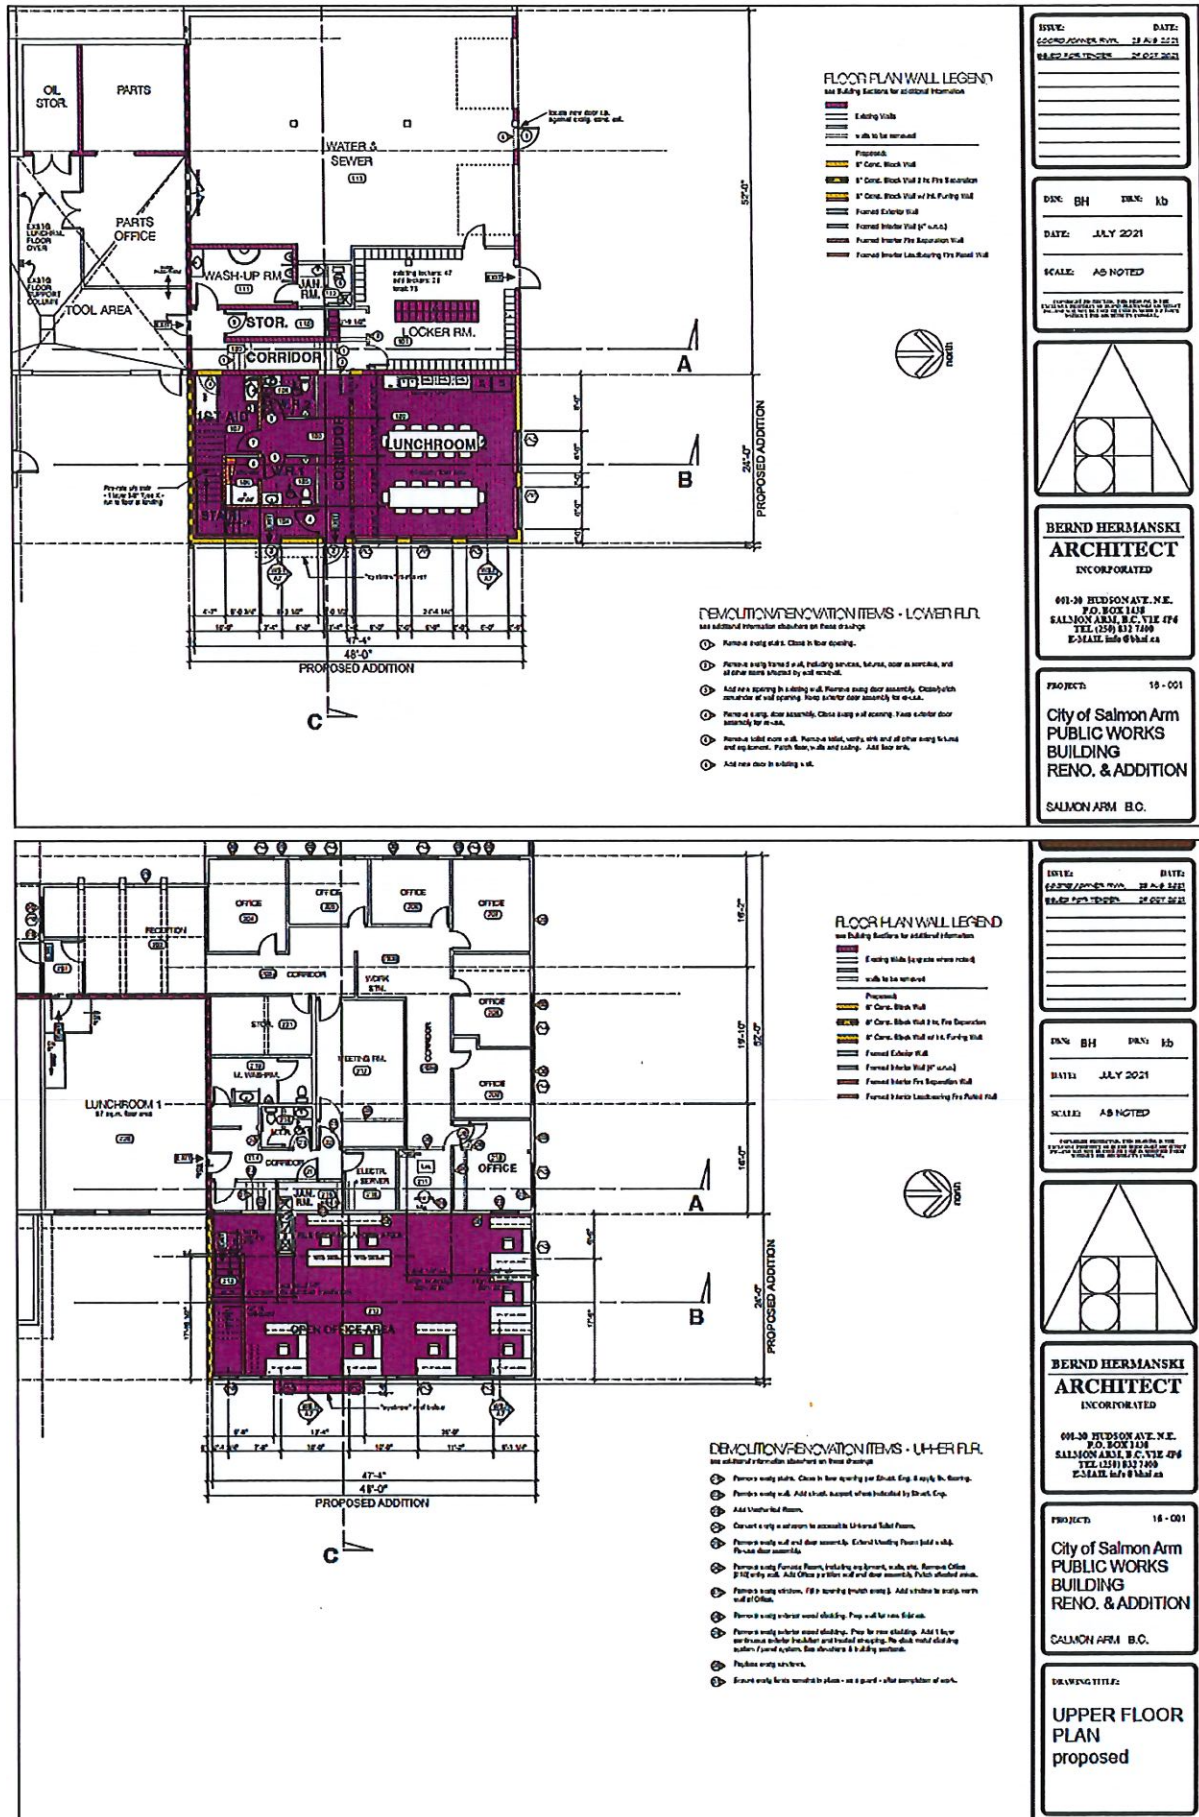

Respectfully submitted,

Robert Niewenhuizen, ASCT
Director of Engineering and Public Works

 PREPARED BY: Chris Moore, Engineering Assistant
 DATE: January 4, 2022
 SUBJECT: **AWARD OF RFP FOR ENGINEERING SERVICES FOR
 FORESHORE SANITARY MAIN REPLACEMENT (PHASE 2)**

STAFF RECOMMENDATION

THAT: The proposal for Engineering Services for the Foreshore Sanitary Main Replacement (Phase 2) Design be awarded to Associated Engineering (B.C.) Ltd for \$86,572.00 plus taxes, as applicable.

BACKGROUND

A Request for Proposals for Engineering Services for the Foreshore Sanitary Main Replacement (Phase 2) was issued on November 2 2021 and four (4) proposals were received on December 2, 2021.

The second phase of the Foreshore Sanitary Main Replacement includes:

- Lining (with a Cured in Place Pipe (CIPP) Lining) of approximately 780 lineal meters of 500mm (20") diameter Asbestos Concrete gravity sewer.
- Internal Reconstruction of 3 Manholes.
- Construction of 2 access roads / viewing platforms.

Due to the complexity and scale of the project, the evaluation criteria was weighted towards team experience and understanding of the project constraints and only 10% of the evaluation was based on cost.

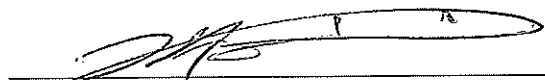

The proposals received were evaluated using our evaluation matrix, in accordance with the criteria listed in the RFP. The following is a summary.

Company	Engineering Design	Engineering Construction Services	Total Quote	Tax	Total	Evaluation
Associated Engineering	\$86,572.00	\$51,556.00	\$138,128.00	\$6,906	\$145,034.40	1
Lawson	\$85,311.00	\$54,643.00	\$139,954.00	\$6,998	\$146,951.70	2
Gentech	\$71,300.00	\$55,505.00	\$126,805.00	\$6,340	\$133,145.25	3
Stantec	\$95,676.00	\$94,729.00	\$190,405.00	\$9,520	\$199,925.25	4

STAFF COMMENTS

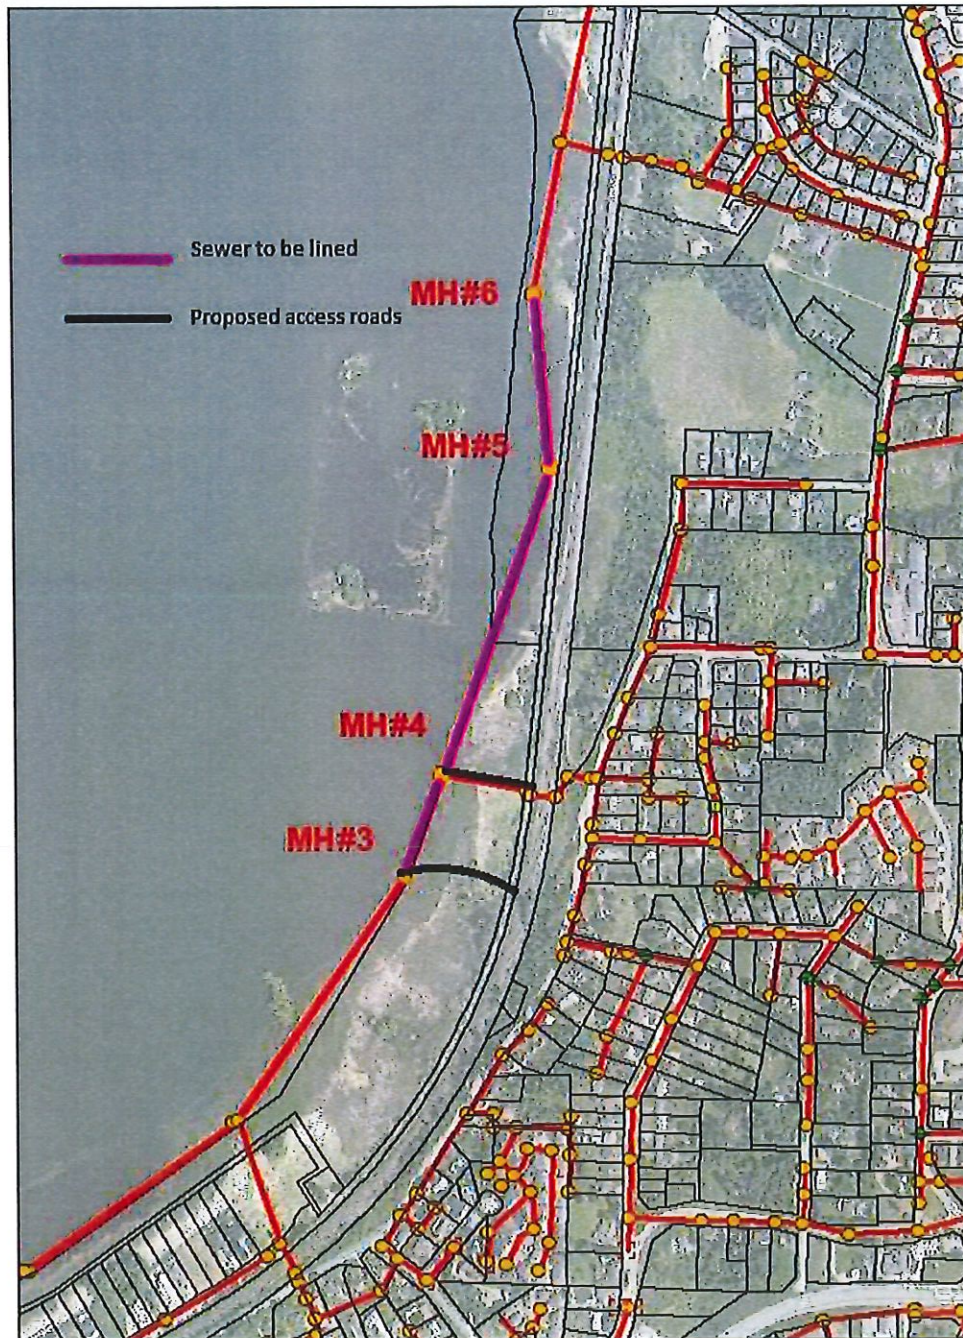

We are recommending award (of design only at this time) to Associated Engineering (B.C.) Ltd for \$86,572.00 plus taxes as applicable, in accordance with their proposal submitted. Although their proposal was not the lowest bid, it was the most comprehensive proposal, showing an excellent understanding of all of the constraints and requirements of this project, together with an engineering team with extensive experience in CIPP lining projects.

Respectfully submitted,

Robert Niewenhuizen, ASCT
Director of Engineering and Public Works

DATE: January 5, 2022

SUBJECT: Airport Terminal Building Lease and Fee for Service Bylaw Amendment

MOTION FOR CONSIDERATION:

THAT: Bylaw No. 4491, cited as "City of Salmon Arm Fee for Service Amendment Bylaw No. 4491" be read a first, second and third time.

AND THAT: Council authorize the Mayor and Corporate Officer to execute a three (3) year lease agreement (April 1, 2022 to October 31, 2024) with Rick Scott dba North Okanagan Vertical Adventures for the use of 67.6 square meters of floor space in the Shuswap Regional Airport (Salmon Arm) terminal building for a monthly rent of \$628.00 plus GST for the main floor area and \$628.00 plus GST for the basement floor area subject to *Community Charter* notification requirements and adoption of Salmon Arm Fee for Service Amendment Bylaw No. 4491.

BACKGROUND

Rick Scott (North Okanagan Vertical Adventures) has been operating a sky diving business at the Shuswap Regional (Salmon Arm) Airport since 2013. He has requested to renew his agreement to rent the Terminal Building for another term and the Shuswap Regional Airport Safety and Operations Committee have no concerns.

Fee for Service Amendment Bylaw No. 4491 (attached as Appendix A) will increase the fees for 2022 to \$628.00 plus GST for office space on the main floor and \$628.00 plus GST for storage space in the basement from \$612.00 plus GST for each space in the previous year. This represents an increase equivalent to BC CPI. Annual increases equivalent to BC CPI will also be applied in 2023 and 2024.

Once Fee for Service Amendment Bylaw No. 4491 has been adopted, staff will advertise in accordance with Community Charter requirements and a new agreement will be executed with NOVA.

Respectfully submitted,

CITY OF SALMON ARM

To: His Worship Mayor Harrison and Members of Council

Date: June 10, 2021

Subject: Zoning Bylaw Amendment Application No. 1204

Legal: Lot 4, Section 13, Township 20, Range 10, W6M, KDYD, Plan 13789
 Civic Address: 2190 – 6 Avenue NE
 Owner: Allard, David & Wong, Lindsay
 Applicant: Browne Johnson Land Surveyors

STAFF RECOMMENDATION

THAT: A bylaw be prepared for Council's consideration, adoption of which would amend Zoning Bylaw No. 2303, 1995 by rezoning Lot 4, Section 13, Township 20, Range 10, W6M, KDYD, Plan 13789 from R1 (Single Family Residential Zone) to R4 (Medium Density Residential Zone);

AND THAT: Final reading of the zoning amendment bylaw be withheld subject to removal of two shipping containers from the property;

AND FURTHER THAT: Final reading of the zoning amendment bylaw be withheld subject to Ministry of Transportation and Infrastructure approval.

PROPOSAL

The subject parcel is located at 2190 – 6 Avenue NE (Appendices 1 & 2). The proposal is to rezone the parcel from R1 (Single Family Residential) to R4 (Medium Density Residential) in order to facilitate a two lot subdivision.

The proposed subdivision plan can be seen attached as Appendix 3.

BACKGROUND

The parcel is designated Medium Density Residential in the City's Official Community Plan (OCP), and zoned R1 (Single Family Residential) in the Zoning Bylaw (Appendices 4 & 5).

The subject property is located within the urban containment boundary in a neighbourhood consisting largely of single family residential properties with some medium density residential, recreational, and institutional uses scattered throughout the area. Further north, a variety of commercial uses are located along the Trans-Canada Highway.

The subject property is double fronting with driveway access from 5 Avenue NE, as well as a driveway and addressing from 6 Avenue NE. Land uses directly adjacent to the subject property include the following:

North: Single Family and Medium Density Residential/ 6 Avenue NE/ Turner Creek Trail	Zoned R1, R4, and P1
South: Single Family Residential/ 5 Avenue NE	Zoned R1 and CD7
East: Single Family Residential/ Orchard Grove Strata	Zoned R1, R4 and P1
West: Single Family Residential	Zoned R1 and R4

The total area of the property is approximately 0.20 ha (1,998 m²) and it currently contains a single family dwelling with an attached carport, as well as two shipping containers. At this time, the applicant has only advised that the property owner is interested in rezoning the property to R4 as part of the two lot subdivision applied for along with this application. They have not advised of a specific development proposal for either of the proposed lots.

As shown on the proposed subdivision plan one lot would be 1,324 m² (Remainder Lot 1) in area and one would be 600.2 m² in area.

Site photos are attached as Appendix 6.

COMMENTS

Ministry of Transportation and Infrastructure

MOTI has given preliminary approval of this Zoning Amendment Bylaw. Pursuant to Section 52(3)(a) of the *Transportation Act*, final MOTI approval will be required after third reading and prior to adoption. MOTI has not cited any concerns with this proposal.

Engineering Comments

The Engineering Department has no concerns with this rezoning and recommends approval. Appendix 7 attached details servicing requirements. The applicant received a copy of the Engineering Servicing Report on June 9, 2021.

The report notes road dedication requirements and improvements upgrading both frontages to an Urban Local Road and Urban Local Paved Road standard. These standards will require upgrades including curb and gutter, sidewalk, boulevard, and street lighting. Further to these improvements, the owners will also be responsible for extending the water main along the east side of the property to adequately service both proposed lots.

Depending on the specific proposal, these requirements could be triggered at various stages of development. Below are three different scenarios and when the servicing requirements would be triggered for each:

- Under the current proposal, these requirements are triggered at the subdivision stage regardless of whether or not the R4 rezoning is granted.
- If this R4 rezoning moved forward and the subdivision did not, these requirements would then be triggered at the development permit stage (if applicable) or at the building permit stage where a development permit is not required.
- If neither the subdivision nor the rezoning move forward, servicing requirements would be triggered at the building permit stage. No development permit would be required since the R1 zone does not permit multifamily development.

Building Department

Geotechnical review required due to known clay soils.

Fire Department

No concerns.

Planning Department

OCP Policy:

This property is designated Medium Density Residential (MR) in the OCP which aligns with R4 zoning. OCP Policy 8.3.11 supports all forms of residential housing under this designation, stipulating a density of 40 units/ha for medium density development, 50 units/ha for multiple family housing when special social and/or public amenity regulations are met, and up to 80 units/ha for Assisted Living Housing.

Density:

Applying a density of 40 units/ha to the proposed lots, proposed Remainder Lot 1 (northern lot) could have up to five dwelling units and proposed Lot 1 (southern lot) could have up to two dwelling units. Table 2 under the R4 zone allows increased density for applicable special amenities such as rental units, affordable rental units, and commercial daycares (see Appendix 8 for R4 regulations).

Taking into consideration possible siting constraints and zoning regulations discussed later in this report, staff feel that it would be challenging to fit the maximum permitted density on either of these proposed lots.

Development Permit:

A Residential Development Permit is required for all land located within the Medium and High Density Residential designated areas where a residential development proposal consists of more than two dwelling units or where a proposed duplex is part of a multifamily development. Since the R4 zone permits different forms of residential development, staff will confirm whether a development permit is required at the building permit stage or when more information is received about a development proposal.

Zoning Regulations:

Based only on lot size, the proposed northern lot (Rem 1) would be large enough to accommodate any of the uses listed under the R4 zone at 1,324m². The southern lot (Lot 1), at 600.2m², could only accommodate a single family dwelling or a duplex, both of which are permitted uses under the R4 zone. Under the current R1 zoning, the proposed lot areas and widths would also accommodate this two lot subdivision.

Site constraints and other zoning regulations such as parcel coverage, setbacks, floor area ratio, and parking may further restrict the type of development that could occur on these lots. In particular, staff note that the northern portion of the property (fronting 6 Avenue NE) has a steep bank leading to the existing house which could impact development potential of proposed Rem 1. The need for road dedication for both 5 Avenue NE and 6 Avenue NE at the subdivision stage will also further reduce proposed lot sizes which will again influence the type of development that can actually occur on each proposed lot.

Staff note that two shipping containers currently on the property will need to be removed prior to approval of this zoning amendment bylaw as shipping containers are not a use permitted within any residential zone. Shipping containers may be used temporarily in a residential zone for storage, only when associated with an active building permit.

Parking requirements will depend on the development proposal. Single family dwellings and duplexes require two spaces per unit, while a multi-family buildings of three units or greater would require only 1.5 spaces per unit.

Besides the above noted shipping containers, it appears the existing residence would meet R4 zoning regulations, including setbacks from the proposed new lot line between Rem 1 and Lot 1. For any new development, compliance will need to be confirmed at the building permit or development permit stage.

Access:

The property currently has two driveway accesses, one fronting 5 Avenue NE and one fronting 6 Avenue NE. Access from 5 Avenue NE has already been established through a paved driveway and currently appears to be the main route of access for the existing residence. This part of the property is flat so staff do not have concerns with this being used as access for a potential new single family dwelling or duplex on proposed Lot 1. However, access from 6 Avenue NE is steep and narrow. Depending on the proposal for Rem 1, upgrades may be required to this access at the development permit or building permit stage.

If future development of proposed Rem Lot is to be accessed via 5 Avenue NE, the developer would need to acquire an access easement over proposed Lot 1.

Geotechnical:

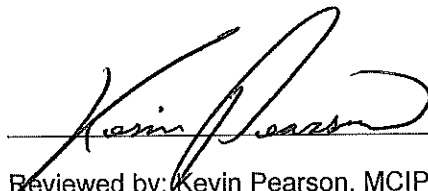

The property is known to have clay soil and a steep slope. Geotechnical concerns will be addressed as part of the subdivision process.

Conclusion:

Staff feel that this large city lot within the urban containment boundary is a suitable location for either low or medium density residential development. The R4 zone provides the greatest flexibility for future residential development but note that density will largely be constricted due to site conditions. Note that additional requirements may need to be met depending on a specific development proposal and could be addressed when more details regarding site planning and a specific use are known.

Engineering Department does not have any concerns related to the Re-zoning Amendment and recommends approval.

General:

1. Full municipal services are required as noted herein. Owner / Developer to comply fully with the requirements of the Subdivision and Development Services Bylaw No 4163. Notwithstanding the comments contained in this referral, it is the applicant's responsibility to ensure these standards are met.
2. Comments provided below reflect the best available information. Detailed engineering data, or other information not available at this time, may change the contents of these comments.
3. This proposed subdivision is approximately 1992 m² in area and is therefore not exempt from frontage improvements under Subdivision and Development Servicing Bylaw No. 4163, Section 5.4. (maximum 1800 m² for R1 zoning).
4. Properties shall have all necessary public infrastructure installed to ensure properties can be serviced with underground electrical and telecommunication wiring upon development.
5. Property under the control and jurisdiction of the municipality shall be reinstated to City satisfaction.
6. Owner / Developer will be responsible for all costs incurred by the City of Salmon Arm during construction and inspections. This amount may be required prior to construction. Contact City Engineering Department for further clarification.
7. Erosion and Sediment Control measures will be required prior to the commencement of construction. ESC plans to be approved by the City of Salmon Arm.
8. Any existing services (water, sewer, hydro, telus, gas, etc) traversing the proposed lot must be protected by easement or relocated outside of the proposed building envelope. Owner/Developer will be required to prove the location of these services. Owner / Developer is responsible for all associated costs.

9. At the time of subdivision the applicant will be required to submit for City review and approval a detailed site servicing / lot grading plan for all on-site (private) work. This plan will show such items as parking lot design, underground utility locations, pipe sizes, pipe elevations, pipe grades, catchbasin(s), control/containment of surface water, contours (as required), lot/corner elevations, impact on adjacent properties, etc.
10. For the on-site development, prior to commencement the applicant will be required to submit to the City for review and approval detailed engineering plans in accordance with the requirements of the Subdivision and Development Servicing bylaw 4163. These plans must be prepared by a qualified professional engineer. As a condition of final subdivision approval, the applicant will be required to deposit with the City for a period of 1 year, funds equaling 10% of the estimated cost for all works that are to be transferred to the City.
11. For the off-site improvements at the time of subdivision the applicant will be required to submit for City review and approval detailed engineered plans for all off-site construction work. These plans must be prepared by a qualified engineer. As a condition of subdivision approval, the applicant will be required to deposit with the City funds equaling 125% of the estimated cost for all off-site construction work.

Roads / Access:

1. 5 Avenue NE, on the subject property's southern boundary, is designated as an Urban Local Road standard, requiring 20.0m road dedication (10.0m on either side of road centerline). Available records indicate that approximately 2.43m of additional road dedication is required (to be confirmed by a BCLS).
2. 5 Avenue NE is currently constructed to an Interim Local Road standard. Upgrading to an Urban Paved Local Road standard is required, in accordance with Specification Drawing No. RD-2. Upgrading may include, but is not limited to, curb & gutter, separated sidewalk, boulevard construction, street lighting and hydro and telecommunications. Owner / Developer is responsible for all associated costs.
3. 6 Avenue NE, on the subject property's northern boundary, is designated as an Urban Local Road standard, requiring 18.0m road dedication (9.0m on either side of road centerline) and dedication for cul-de-sac. Available records indicate that additional road dedication is required for portion of cul-de-sac (to be confirmed by a BCLS). Cul-de-sac dedication may be offset to the north, to allow less dedication required from subject property (subject to engineer's design and City Engineer's approval).
4. 6 Avenue NE is currently constructed to an Interim Local Road standard. Upgrading to a modified Urban Paved Local Road standard is required, in accordance with Specification Drawing No. RD-1, with Cul-de-Sac construction in accordance with Specification Drawing No. RD-10 (which may be offset; see above). 3.0m wide multi-use-path construction instead of sidewalks will apply to both Specification Drawings. Upgrading may include, but is not limited to, road widening and construction, curb & gutter, separated multi-use-path, boulevard construction, street lighting, fire hydrant, street drainage and hydro and telecommunications. Owner / Developer is responsible for all associated costs.
5. Owner / Developer is responsible for ensuring all boulevards and driveways are graded at 2.0% towards the existing roadway.

6. Only 1 access will be permitted onto 5 Avenue NE for proposed lot and only 1 access will be permitted onto 6 Avenue NE for remaining lot. Owner / Developer responsible for all associated costs.
7. Design and construction of multi-use-path on 6 Ave NE to incorporate a tie in to existing trail from the east.

Water:

1. The subject property fronts a 150mm diameter Zone 2 watermain on 5 Avenue NE. No upgrades will be required at this time.
2. The subject property fronts a 100mm diameter Zone 2 watermain on 6 Avenue NE. Upgrading this watermain to 150mm is required as per the SDSB. Owner / Developer's engineer to determine appropriate hydrant location. Upgrading water main upstream of hydrant location is required. Owner / Developer is responsible for all associated costs.
3. Dead end watermains are to be avoided whenever possible; therefore, connecting the water main between 6 Avenue NE and 5 Avenue NE is required along the eastern extent of the subject property, within a 3.0m Right of Way. Owner / Developer is responsible for all associated costs.
4. Records indicate that the existing property is serviced by a 12mm service from the 100mm diameter watermain on 6 Avenue NE. Due to the size and age of the existing service, upgrading to a new metered service (minimum 25mm) will be required. Water meter will be provided at subdivision. All existing inadequate / unused services must be abandoned at the main. Owner / Developer is responsible for all associated costs.
5. The proposed parcel is to be serviced by a single metered water service connection (as per Specification Drawing No. W-10), adequately sized to satisfy the proposed use (minimum 25mm). Water meter will be supplied by the City at the time of building permit, at the Owner / Developer's cost. Owner / Developer is responsible for all associated costs.
6. The subject property is in an area with sufficient fire flows and pressures according to the 2011 Water Study (OD&K 2012).
7. Fire protection requirements to be confirmed with the Building Department and Fire Department.
8. Current Fire Hydrant spacing on 6 Ave NE exceeds maximum spacing of 90m for medium density residential zoning (proposed). Fire hydrant installation will be required on 6 Avenue NE. Owner / Developer is responsible for all associated costs.
9. Current Fire hydrant spacing on 5 Ave NE meets spacing requirements for medium density residential zoning.

Sanitary:

1. The subject property fronts a 200mm diameter sanitary sewer on 6 Avenue NE. No upgrades will be required at this time.

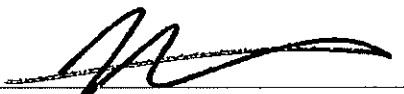

2. The subject property does not front a sanitary sewer on 5 Avenue NE. All adjacent properties are currently connected to sanitary mains outside of the subject parcel's 5 Avenue frontage; therefore, no extension of sanitary main on 5 Avenue NE is required at this time.
3. The proposed parcel is to be serviced by a single sanitary service connection adequately sized (minimum 100mm diameter) to satisfy the servicing requirements of the development. A private easement is required on the remaining parcel to allow service to 6 Avenue NE, minimum 3.0m wide. Owner / Developer is responsible for all associated costs.
4. The subject property is in an area with no current sanitary capacity concerns according to the City Sanitary Study (Urban Systems 2016).
5. Records indicate that the existing property is serviced by a 100mm service from the sanitary sewer on 6 Avenue NE. No upgrades required at this time.

Drainage:

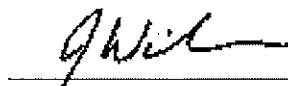

1. The subject property does not front on an enclosed stormwater system. Turner Creek to the north of 6 Avenue NE may be considered for possible stormwater disposal if needed and proven safe by ISMP and approved by any other applicable governing agencies.
2. An Integrated Stormwater Management Plan (ISMP) conforming to the requirements of the Subdivision and Development Servicing Bylaw No. 4163, Schedule B, Part 1, Section 7 shall be provided.
3. Where onsite disposal of stormwater is recommended by the ISMP, an "Alternative Stormwater System" shall be provided in accordance with Section 7.2.
4. Where discharge into Turner Creek is recommended by the ISMP, this shall be in accordance with Section 7.3. The proposed parcel(s) shall be serviced (each) by a single storm service connection adequately sized (minimum 150mm) to satisfy the servicing requirements of the development. All existing inadequate / unused services must be abandoned at the main. Owner / Developer is responsible for all associated costs.

Geotechnical:

1. A geotechnical report in accordance with the Engineering Departments Geotechnical Study Terms of Reference for: Category A (Building Foundation Design) and Category B (Pavement Structural Design), is required.

Engineering Assistant

Jenn Wilson P.Eng., LEED® AP
City Engineer

Purpose

- 9.1 The purpose of the R-4 Zone is to provide for medium *density*, *multiple family* and small lot *single family* residential developments. New *multiple family* developments zoned R-4 shall be required to obtain a *Development Permit* as per the requirements of the *Official Community Plan*, and shall comply with the provisions of the *Fire Services Act*, *British Columbia Building Code*, and other applicable legislation. #289, #3740

Regulations

- 9.2 On a *parcel* zoned R-4, no *building* or *structure* shall be constructed, located or altered and no plan of subdivision approved which contravenes the regulations set out in the R-4 Zone or those regulations contained elsewhere in this Bylaw.

Permitted Uses

- 9.3 The following uses and no others are permitted in the R-4 Zone:

- .1 *assisted living housing*; #4336
- .2 *bed and breakfast* in a *single family dwelling*, limited to two let rooms;
- .3 *boarders*, limited to two;
- .4 *boarding home*; #2789
- .5 *commercial daycare facility*;
- .6 *dining area*; #4336
- .7 *duplexes*;
- .8 *family childcare facility*; #3082
- .9 *group childcare*; #3082
- .10 *home occupation*; #2782
- .11 *multiple family dwellings*;
- .12 *public use*;
- .13 *public utility*;
- .14 *single family dwelling*;
- .15 *triplexes*;
- .16 *accessory use*.

Maximum Height of Principal Buildings

- 9.4 The maximum *height* of a *principal buildings* shall be 10.0 metres (32.8 feet). This may be increased to 13.0 metres (42.7 ft.), via the *Development Permit* process, if any of the special amenity(ies) in Table 2 are provided.

Maximum Height of Accessory Buildings

- 9.5 The maximum *height* of an *accessory building* shall be 6.0 metres (19.7 feet).

Maximum Parcel Coverage

- 9.6 The total maximum *parcel coverage* for *principal* and *accessory buildings* shall be 55% of the *parcel area*, of which 10% shall be the maximum *parcel coverage* for *accessory buildings*. #2811

Minimum Parcel Area

- 9.7
- .1 The minimum *parcel area* for a *single family dwelling* shall be 300.0 square metres (3,229.3 square feet).
 - .2 The minimum *parcel area* for a *duplex* shall be 600.0 square metres (6,458.6 square feet).
 - .3 The minimum *parcel area* for all other uses shall be 900.0 square metres (9,687.8 square feet).

SECTION 9 - R-4 - MEDIUM DENSITY RESIDENTIAL ZONE - CONTINUED

P86

Minimum Parcel Width

9.8

- .1 The minimum *parcel width* shall be 30.0 metres (98.5 feet). #3740
- .2 Notwithstanding Section 9.8.1, the minimum *parcel width* for a *single family* lot shall be 10.0 metres (32.8 feet).
- .3 Notwithstanding Section 9.8.1, the minimum *parcel width* for a stacked *duplex* lot shall be 14.0 metres (45.9 feet).
- .4 Notwithstanding Section 9.8.1, the minimum *parcel width* for a side-by-side *duplex* lot shall be 20.0 metres (65.6 feet)).

Minimum Setback of Principal Buildings

9.9 The minimum *setback* of *principal buildings* from the:

- .1 *Front parcel line*
 - adjacent to a *highway* shall be 5.0 metres (16.4 feet)
 - adjacent to an *access route* shall be 2.0 metres (6.6 feet)
- .2 *Rear parcel line*
 - adjacent to a *parcel zoned*
R-4 shall be 3.0 metres (9.8 feet)
 - all other cases shall be 5.0 metres (16.4 feet)
- .3 *Interior side parcel line*
 - adjacent to a *parcel zoned*
R-4 shall be 1.2 metres (3.9 feet) #3475
 - all other cases shall be 1.8 metres (5.9 feet)
- .4 *Exterior side parcel line*
 - adjacent to a *highway* shall be 5.0 metres (16.4 feet)
 - adjacent to an *access route* shall be 2.0 metres (6.6 feet)
- .5 Minimum separation between residential *buildings* on the same lot of not more than one storey in height shall be 1.5 metres (4.9 feet)
- .6 Minimum separation between residential *buildings* on the same lot of more than one storey in height shall be 3.0 metres (9.8 feet)
- .7 Notwithstanding Sections 9.9.2 and 9.9.3, a *principal building* on a corner *parcel* may be sited not less than 1.5 metres (4.9 feet) from the *rear parcel line* provided the combined total of the *rear* and *interior side yards* shall be not less than 6.0 metres (19.7 feet).
- .8 Refer to Section 4.9 for "Special Building Setbacks" which may apply. #2811

Minimum Setback of Accessory Buildings

9.10 The minimum *setback* of accessory *buildings* from the:

- .1 *Front parcel line* shall be 5.0 metres (16.4 feet)
- .2 *Rear parcel line* shall be 1.0 metre (3.3 feet)
- .3 *Interior side parcel line* shall be 0.6 metre (1.9 feet)
- .4 *Exterior side parcel line* shall be 5.0 metres (16.4 feet)

Refer to "Pound and Animal Control Bylaw" for special setbacks which may apply. #2811

Maximum Density

Note: The following *density* provisions are based on the *gross parcel area*. Parking requirements, *setback* requirements, road dedication, etc. have not been taken into consideration.

9.11

- .1 The maximum *density* shall be a total of 40 *dwelling units* or *sleeping units* per hectare (16.2 *dwelling units* or *sleeping units* per acre). #2789
- .2 Notwithstanding Section 9.11.1, the maximum *density* in the R-4 Zone may be increased to a maximum of 50 *dwelling units* per hectare (20.2 units per acre) in accordance with Table 2. In Table 2, Column I sets out the special amenity to be provided and Column II sets out the added *density* assigned for the provision of each amenity.
- .3 Notwithstanding Section 9.11.1, the maximum *density* in the R-4 Zone may be increased to a maximum of 50 *dwelling units* per hectare (20.2 units per acre) for the provision of *Assisted Living Housing*. #4336

TABLE 2

COLUMN I SPECIAL AMENITY TO BE PROVIDED	COLUMN II ADDED DENSITY
1. Provision of each dwelling unit which caters to the disabled (e.g. wheelchair access)	<input type="checkbox"/> 2 units per hectare (0.8 units per acre)
2. Provision of <i>commercial daycare facility</i> 7 - 10 children 11 - 15 children 16 or more children	<input type="checkbox"/> 3 units per hectare (1.2 units per acre) <input type="checkbox"/> 4 units per hectare (1.6 units per acre) <input type="checkbox"/> 7 units per hectare (2.8 units per acre)
3. Provision of below <i>grade</i> or parkade type parking for at least 50% of the required off street parking	<input type="checkbox"/> 10 units per hectare (4.0 units per acre)
4. Provision of each rental <i>dwelling unit</i>	<input type="checkbox"/> 2 units per hectare (0.8 units per acre)
5. Provision of affordable rental <i>dwelling units</i> in accordance with special agreement under Section 904 #3218	<input type="checkbox"/> 5 units per hectare (2.0 units per acre)

Maximum Floor Area Ratio

9.12 The maximum *floor area ratio* of a *single family dwelling* shall be 0.65.

Parking

9.13 Parking shall be required as per Appendix I.

23. STATUTORY PUBLIC HEARINGS

1. Zoning Amendment Application No. ZON-1204 [Allard, D. & Wong, L./Browne Johnson Land Surveyors; 2190 – 6 Avenue NE; R-1 to R-4]

The Director of Development Services explained the proposed Zoning Amendment Application.

Submissions were called for at this time.

D. Allard, the applicant and J. Johnson, the agent, outlined the application and were available to answer questions from Council.

L. and T. Bischke – letter received July 12, 2021 - 2190 – 6 Avenue NE Rezoning Application

E. Cook – letter received July 12, 2021 - Zoning Amendment Application for 2190 – 6 Avenue NE

Following three calls for submissions and questions from Council, the Public Hearing was closed at 9:09 p.m. and the next item ensued.

CITY OF SALMON ARM

BYLAW NO. 4451

A bylaw to amend "District of Salmon Arm Zoning Bylaw No. 2303"

WHEREAS notice of a Public Hearing to be held by the Council of the City of Salmon Arm in the Council Chambers at City Hall, 500 - 2 Avenue NE, Salmon Arm, British Columbia and by electronic means as authorized by Ministerial Order M192, British Columbia, on July 12, 2021 at the hour of 7:00 p.m. was published in June 30 and July 7, 2021 issues of the Salmon Arm Observer;

AND WHEREAS the said Public Hearing was duly held at the time and place above mentioned;

NOW THEREFORE the Council of the City of Salmon Arm in open meeting assembled enacts as follows:

1. "District of Salmon Arm Zoning Bylaw No. 2303" is hereby amended as follows:

Rezone Lot 4, Section 13, Township 20, Range 10, W6M, KDYD, Plan 13789 from R-1 (Single Family Residential Zone) to R-4 (Medium Density Residential Zone), as shown on Schedule "A".

2. SEVERABILITY

If any part, section, sub-section, clause of this bylaw for any reason is held to be invalid by the decisions of a Court of competent jurisdiction, the invalid portion shall be severed and the decisions that it is invalid shall not affect the validity of the remaining portions of this bylaw.

3. ENACTMENT

Any enactment referred to herein is a reference to an enactment of British Columbia and regulations thereto as amended, revised, consolidated or replaced from time to time.

4. EFFECTIVE DATE

This bylaw shall come into full force and effect upon adoption of same.

5. CITATION

This bylaw may be cited as “City of Salmon Arm Zoning Amendment Bylaw No. 4451”

READ A FIRST TIME THIS 28 DAY OF June 2021

Item 17.1

CITY OF SALMON ARM

Date: January 10, 2022

Notice of Motion – Councillors Lindgren and Lavery

Living Wage

WHEREAS: a Living Wage is the hourly rate needed for two working adults to meet the basic needs of a family of four in order to meet the basic costs of living – food, clothing, accommodation, transportation and childcare in the community they reside in;

AND WHEREAS: a Living Wage has been studied and recommendations made for various regions of BC and Canada;

AND WHEREAS: many local governments are champions for fair Living Wages for their direct employees and contracted suppliers;

THEREFORE BE IT RESOLVED THAT: the City of Salmon Arm consider becoming a Living Wage Employer; committing to a living wage for direct employees and requiring the same for specified contracted workers;

AND THAT: staff report back by June 15, 2022 on the implementation options and implications of a Living Wage policy for both direct employees and specified contracted services occurring on city premises and properties; to take effect on January 1, 2023.

Subject: 50th Street NE

We are home owners and live at 7081 50th Street NE in Canoe. We have owned our property for eight years and have lived in our home for five years.

We do before and after school care for three of our grandchildren which involves walking to and from the school five days a week during the school year and to the preschool three days a week. We also walk our dog every day. We are out and about a lot.

50th Street NE had become extremely busy and we were thrilled when the 4 way stop street was installed as we noticed almost immediately that 50th Street NE become quieter and traffic was slower. There are a lot of small children using 50th going to and from school, playdates, the preschool and the park.

We are very grateful for the 4 way stop street as we feel the children are much safer.

If a vehicle cannot stop when coming down the hill we feel the drivers is either going too fast or their vehicle should not be on the road. There are two other level egress roads from Canoe so no-one is forced to use 50th NE.

Please do not remove the 4 way stop.

Garry and Heather Cook

Subject: Traffic Problems

Mayor and Council
City of Salmon Arm

There are several major traffic problems that need addressing by our City Council:

1. FOUR-WAY STOPS

Next to traffic lights, four-way stops are the best traffic control measures. Not only are they democratic, they are effective, particularly as speed controllers. Deeming one street more important than another is pointless. Every street and corner is important.

There is a four-way stop at the intersection of South Broadview / 30th St SE and 10th Ave SE, both busy "major" thoroughfares, so why can't there be others at the following suggested places?

I think they are needed in at least 3 places in Salmon Arm: 1 down-town, 2 in the SE area where I travel. There are probably similar places in the other 3 quadrants.

• CORNER OF HUDSON AVE AND SHUSWAP ST

This is a very difficult corner, as this junction is not a proper cross-roads, with Hudson Ave NE coming in at an angle from the E, splitting to turn R / N, or L / S.

Consequently when on Hudson Ave going W and turning L / S here, visibility to see traffic coming from the R / N is very poor, made more difficult by the high speed that traffic from both directions tends to go.

A four-way stop here would eliminate that speed and share the turns equally among the four directions; thus helping all drivers and pedestrians and control the traffic. Safety for all would be improved immeasurably.

• OKANAGAN AVE AND 20TH ST SE / NE

Currently there are Stop signs on 20th St, NE and SE at this intersection. Traffic speeds down Okanagan Ave from the E and needs to slow down considerably.

Also visibility at this corner from 20th St SE is not very good, and the road at the corner is steep and can be icy in winter (and even fall and spring).

A four-way stop here with warnings ahead would be a major improvement for all traffic directions. Again, safety for all would also improve.

• AUTO RD SE AND 20TH ST SE

Similarly, currently there are Stop signs on 20th St SE at this intersection. Traffic speeds down Auto Rd from the E and needs to slow down considerably.

Also visibility at this corner from 20th St SE going N is very bad, and the road at the corner is steep and can be icy in winter (and even fall and spring).

A four-way stop here with warnings ahead would be a major improvement for all traffic directions as well as safety.

LIGHTS AND ILLUMINATED POSTS for 10th Ave SE between 5th St SE and Auto Rd / 12th Ave SE Junction

As well as being narrow, steep and very busy, this section of road is windy and dark at night, with a steep gully on the S side of the road, R going E. There is only 1 light and only 3 illuminated posts on the R in this dangerous 300m (approx) section: "an accident waiting to happen".

If not lights, please consider installing more illuminated posts in this section of road: there should be at least a dozen, placed regularly along the top edge of the gully. Better visibility and safer driving conditions would result.

Yours sincerely

Barbara Grier

SALMON ARM FAIR

351 – 3rd Street SW, Salmon Arm BC V1E 1V4 Ph. 250-832-0442 www.salmonarmfair.com

Mayor and Council City of Salmon Arm
PO Box 40
Salmon Arm, BC V1E 4N2

December 27, 2021

Dear Mayor and Council,

Re: Local Festivals – Building Communities Through Arts and Heritage

The Salmon Arm Fair will be applying for a federal grant for the 2022 Fair and we would greatly appreciate councils support with our request. We plan to use the funds to enhance our arts and craft exhibits, in addition, add more Indigenous arts, crafts and storytelling. As an event organizer in the Shuswap, we feel building on our arts, crafts and music offerings, we will increase interest in our musical offerings potentially bringing more visitors to the Fair. Our plans compliment the overall plan of the Salmon Arm Folk Music Society in branding the region as the Music Capital of BC.

Some expenses I hope to cover with this grant include:

- fees and expenses of local artists, artisans, heritage performers- we plan to present a larger arts and craft show and including Indigenous dancers for performances
- fees and expenses related to the temporary exhibition of works of local artists, artisans – same as above
- advertising for the local population- posters, radio, print and social media
- fees to rent and temporarily install certain items - stage, lighting and sound material and tents

The Fair will not be asking for funding from the city; this request is for the city to provide a completed form as required by the federal department- *Local Festivals – Building Communities Through Arts and Heritage*. Our application deadline is January 31, 2022.

Currently the city does provide value-in-kind support each year for the Fair. This is the delivery and use of barricades, hi-vis vests, traffic control paddles as well as a water truck for the grandstand shows I'm not sure if the city has provided this for the Fair in the past, but we would greatly appreciate your support here.

As a key part of our application, we require a signed copy of the form listing the value in cash and/or in-kind support from the applicant's municipal government or equivalent authority.

Following is a link to a fillable PDF; I have also attached a PDF of the form.

<https://www.canada.ca/content/dam/pch/documents/services/funding/building-communities/confirmation-eng.pdf>

The program requires that the municipality supports the Fair in either cash or in-kind. I believe there is significant support through value-in-kind.

Thank you in advance for your support.

Sincerely,

Jim McEwan

Jim McEwan
Salmon Arm Fair manager
att.

Confirmation of Support from Municipal Government or Equivalent Authority

APPLICANT:

Name of festival:

Funding by the Program is conditional upon confirmation of cash and/or in-kind support from the applicant's municipal government or equivalent authority (referred to below as - "the municipality").

For applications from a local band council, local tribal council, other local Aboriginal government or equivalent authority, that authority must provide written confirmation of support. Public organizations such as police, public transportation, waste management, or libraries, if directly under the municipal authority, can also provide municipal support. Financial support from the discretionary funds of elected officials is considered a donation from an individual and cannot constitute municipal support.

This form, once completed and signed, constitutes proof of support from the municipality. Support may also be confirmed in a letter that includes the cash and/or in-kind value of the municipal contribution for the event or activity. Should the municipality withdraw its support, the applicant must immediately notify the Department of Canadian Heritage.

Please complete this form, print it and have it signed by an authorized representative of your municipality or equivalent authority and submit with your application. Authorized representatives are employees of the municipal administration or equivalent authority or any elected official with signing authority.

[illegible]

Name of authorized representative (required): Authorized representatives are employees of the municipal administration or equivalent authority or any elected official with signing authority.	
Title and municipality (required):	
Telephone number (required):	
Authorized representative's signature (required):	
Date YYYY-MM-DD (required):	

Greetings Mayor and Council,

Firstly, I wanted to express my thanks again for all the work you put in to engaging with our community on so many different levels – and I especially wanted to thank you all for your engagement with my students on the sadly continuing issue of our town flag. I wanted to use it as a way to model civic engagement on a relatively neutral issue for them and had even more results in the latter term of last year. Terribly sorry for how late this package is, bit of a crazy end to last school year and a crazy start to this one, but never fear we still have those Grade 9s as Grade 10s this year, and I can forward any response to their teacher. Doubly good news, I've continued using flags as a way to examine identity, nationality, and colonialism with my 9s this year, and will be having them send more suggestions and their own thoughts in the new year!

On that main topic, if I might add my two cents to the new 'flag' I would like to say that I appreciate the effort and focus groups that went into planning and deciding upon our new town logo and slogan of "small city, big ideas" but to simply put that on the equivalent of a white bedsheet does not exactly a stellar flag make. One piece of advice I give to students when they are designing their own bevy of flags for whatever theme we might be approaching at the time, I suggest they draw a copy as small as the average postage stamp – because that is the average size of a flag when viewed from about 100 ft away, which is the closest many people will come to a flag on the average day. If you can't read it at that size, then it's not exactly effective as a flag. An effective flag is often a few strong colours and somewhat abstracted symbolism to represent a place or group – a great example is the flag of our sister city, Inashiki, reproduced below for your convenience. Having been born and lived in this community nearly my entire life, I think we deserve a flag at least as strong as that!

Echoing my students, I am in agreement that while our new town logo is great, it is a logo, not a flag, and given I have not seen the new 'flag' flying at city hall or the wharf it is a great opportunity to look into redesigning it once again to really showcase those big ideas that our small city does actually possess. If you need some approachable introductions to flag design, Roman Mars has a brilliant TedTalk from Ted Vancouver on flag designs – even the worst flag mentioned in it – Pocatello, Idaho – has been redesigned. Doesn't our community deserve likewise? And if you did decide to move forward with public engagement, possibly in the form of a design competition, I would be happy to offer up my classes to review submissions or participate in some way – what better way to engage with our civic process!

Again, thank you for your time and continued engagement with this new teacher and his classes little 'crusade' to hopefully get our community a flag we can be proud of!

Sincerely,

Ryon Thomas Brighthouse Ready

To the attention of Mayor and Council, City of Salmon Arm

We were excited to hear the recent news that Council had voted to change our city flag, but that excitement quickly turned to disappointment when we learned which flag council had chosen to adopt. While ostensibly 'simpler' than the previous flag, it was hard to see all the same traps that caught the last flag repeated in the new one, some to even greater degrees. We want to recognize the research and work that went into town's new branding and , but want to reiterate what our classmates from earlier in the year expressed – a flag is not a logo, and should be something that can endure through any changes in marketing and outreach over the years.

For this reason, we're writing to offer some options on how to move forward. As our town's flag has become somewhat of a cause-celebre, being taken up by both the Observer and even the CBC, in addition to making the rounds of the internet, it could be good to leverage that interest in municipal affairs to engage people in a contest to design a new flag for town. While it may seem too soon with the new one having just been adopted, the momentum could be used to engage the community. By doing a contest, you give people ownership of the flag, and by extension a deeper investment in the community. Moreover, because you are organizing the contest, you as Councillors get to decide on the criteria for submission. When Mississippi redesigned their flag last year, they engaged a slice of the whole state, and had their own criteria for what had to be included on the flag. In the case of Salmon Arm, you could require that at least one of the new town colours – like 'Ida Blue' – be used in any submissions, and could even work with the local Secwépemc community and other organizations for themes to be expressed in our flag, to really capture our wonderful community, in a way 'Small City, Big Ideas' could never encapsulate.

For this reason, we have attached a series of designs we made on our 'Flag Fridays' this term that followed the criteria of using the colours of the current flag and tried to incorporate the local environment and communities.

As a review, here are the principles of good flag design, from the North American Vexillological Association:

1. A flag should be **simple** – the new flag is simpler, but still misses the mark on other points.
2. A flag should use **2-3 colours** – another place the new flag is improved, especially the inclusion of meaningful colours.
3. A flag should **NOT** include words, dates, or seals – the new flag features even more words than the previous, to the point of just being the town's name.
4. A flag should have **meaningful symbolism** – even less than the previous flag, the new flag uses words instead of symbols to express its message, when it could showcase our community in a more enduring way.
5. A flag should be **connected or unique** – amidst all the other flags of BC, Salmon Arm is neither unique or connected, it's just the town's name – like the equally disappointing flag of Osoyoos.

Thank you for all the hard work you do for our community and engaging with us students!

Sincerely,

We the undersigned:

Re: SILGA Convention – Call for Nominations 2022

As per the Constitution of the Southern Interior Local Government Association (amended 2017), the "Call for Nominations" is now going out to all member Mayors, Councillors, Regional Chairs and Directors who wish to seek a position on the SILGA Executive for the 2022/23 term. Elections will be held during the SILGA Convention from April 26th to April 29th, 2022.

Offices to be filled are President, 1st Vice President, 2nd Vice President and seven Directors. One member of the SILGA board must be an Electoral Area Director of a member Regional District. Those presently serving may run for another term if they so wish.

Excerpt from the SILGA constitution regarding new voting procedures:

7.10 The election of Officers to the Executive shall be held at the Annual General Meeting on a first ballot and that of the Directors at Large subsequently on a second ballot. Any candidate that is unsuccessful in obtaining an Officer position on the first ballot may become a candidate for a Director at Large position on the second ballot.

7.11 If, in the election of the Officers to the Executive on the first ballot, an Electoral Area Director of a regional district is elected, the Director at Large positions will then be filled by the candidates with the most votes.

7.12 If, in the election of the Officers to the Executive on the first ballot, an Electoral Area Director of a regional district is not elected, then in the election of the Directors at Large, the candidate - of those candidates that are Electoral Area Directors of a regional district - with the most votes will be elected as a Director at Large and the balance of the Director at Large positions will be filled by the remaining candidates with the most votes. If only one Electoral

Call for Resolutions for 2022 Convention

The SILGA Annual General Meeting and Convention is scheduled to be held in Salmon Arm between April 26th and April 29th, 2022. The SILGA Constitution requires that resolutions to be considered at the Annual Meeting are to be received by the Secretary-Treasurer no later than 60 days prior to this meeting. Friday February 25th, 2022 will be the deadline for receipt of resolutions.

If your local government wishes to submit a resolution for consideration at the 2022 SILGA Convention, please forward by email your resolution to yoursilga@gmail.com. Any background information on the resolution would be helpful. Each resolution should be endorsed by the sponsoring Member's Municipal Council or Regional Board. The resolution should be relative to regional issues and should not pertain to a finite local interest.

If you do not receive a confirmation email regarding your resolution, please contact the SILGA office at 250 851 6653.

For information on how to properly write a resolution please refer to the UBCM website below.

<http://www.ubcm.ca/EN/main/resolutions/resolutions/resolutions-procedures.html>

or go to the resolutions page on the SILGA website at

<http://www.silga.ca/convention/resolutions/>

Resolutions not received by February 25th, 2022 will be considered late resolutions and must go through the following procedures to be considered at the AGM.

Late Resolutions

- (1) Resolutions submitted following the expiry of the regular deadline noted in section 10.4 shall be considered "Late Resolutions" and shall comply with all other submission requirements, except that a copy of the resolution shall be provided to SILGA by noon on the Friday preceding the date of the Annual General Meeting. The resolutions committee will meet on the Tuesday preceding the Annual General Meeting to provide recommendations as to whether the late resolution(s) should be brought to the Members for inclusion in the resolution debate. All late resolutions must be adopted by a Special

SILGA *Southern Interior Local Government Association*

- Resolution of the Member Representatives in attendance at the Annual General Meeting to be included in the discussion.
- (2) Late resolutions will be reviewed by the Resolutions Committee prior to the Meeting and only those of a subject matter which could not have been submitted by the normal deadline date outlined in section 10.4 will be considered.
 - (3) Late Resolutions shall be available for discussion after resolutions printed in the resolutions book have been considered.
 - (4) Late Resolutions admitted for plenary discussion shall be dealt with in the order presented in the Late Resolutions report.
 - (5) In the event that a late resolution is recommended to be admitted for discussion, the sponsoring member of the late resolution shall produce sufficient copies for distribution to the Members at the Annual General Meeting.
 - (6) The Late Resolution will, after reading, be properly before the meeting, and the regular procedures for handling resolutions will apply.

Alison Slater
General Manager, SILGA

Update from Program Managers

Erin Vieira and Mike Simpson provided an update on program operations since the last meeting:

- The SWC's Water Protection Advisory Committee and Water Monitoring Group held meetings in November
- The **Water Quality Grant Program** is open for applications. A program guide and application template is posted online, www.shuswapwater.ca. The grant program provides funds to farmers and landowners for projects that improve nutrient management on the landscape, thereby protecting water quality. The application period closes on January 31st 2022.
- Development a **Phosphorus Action Plan** to help protect water quality in the Shuswap is underway. Staff are in the stages of collecting input from various orders of government and different agencies.
- Staff relayed that partner agency, the Columbia Shuswap Invasive Species Society, has concluded their monitoring season which is done with financial support from the SWC. All samples collected from lakes within the Shuswap watershed tested negative for ZQM, meaning the Shuswap remains mussel-free.
- Staff submitted an **application for funding** to Transport Canada's Boating Safety Contribution Program. If successful, the funds will reduce the SWC's expenses on its Safe Recreation Program by about 75%.

Expenses to the end of the second first quarter (September 30th 2021) total **\$133,909** against the annual operating budget of **\$298,500**.

Letter to new federal Fisheries Minister

SWC Chair Paul Demenok jointly signed and sent a letter to newly appointed federal Minister for Fisheries, Oceans and the Canadian Coast Guard, Hon. Joyce Murray, outlining concerns related to a potential invasion of Zebra & Quagga Mussels and calling for more resources and leadership from the Department of Fisheries and Oceans on the matter. The letter was co-signed by the Shuswap Waterfront Owners Association and the Columbia Shuswap Invasive Species Society. The letter is posted on the SWC website.

Terms of Reference revised

Updates and revisions were made to the Terms of Reference, which sets the governance framework for the SWC. The SWC's membership has been revised to include one representative from each of the four Shuswap-area Secwepemc First Nations (Adams Lake Indian Band, Little Shuswap Lake Band, Splatshin, and Neskonlith), as well as a representative from the BC Ministry of Forests, Lands, Natural Resource Operations and Rural Development, and a Senior Scientific Advisor.

A full meeting summary is available on the SWC website.

SWC MEMBERS:

Paul Demenok – Chair
CSRD Area 'C'

Jay Simpson – Vice Chair
CSRD Area 'F'

Rene Talbot
CSRD Area 'D'

Rhona Martin
CSRD Area 'E'

Rod Crowe
TNRD, Village of Chase

Ken Christian
TNRD, City of Kamloops

Debbie Cannon
City of Salmon Arm

Colleen Anderson
District of Sicamous

Dave Nordquist
Secwepemc Nation,
Adams Lake Indian Band

Howard Nordquist
Secwepemc Nation,
Adams Lake Indian Band

Rick Fairbairn
RDNO Area 'D'

Denis Delisle
RDNO Area 'F'

Kym Keogh
BC Ministry of Environment
& Climate Change Strategy

Lindsay Benbow
BC Ministry of Agriculture, Food
& Fisheries

Subject: Thank you for helping reduce rodenticide use in B.C. – let's make this change permanent!

Dear Mayor Harrison and Council,

I am writing to thank you for your leadership in reassessing the use of anticoagulant rodenticides in your community and the commitment to educating your residents about the many harms to wildlife and pets that can occur from using such poisons. Municipalities have already made a significant difference at a local level through motions and operational practices, and this leadership was no doubt a contributing factor to the Province's July 21st decision this year to temporarily ban the sale and use of three second-generation anticoagulant rodenticides (SGARs) for non-essential locations.

The SGAR restrictions are a major milestone for our province, however, there are a number of **exemptions and gaps** that still leave a high risk of exposure for non-target animals like owls and other raptors, and even domestic cats and dogs. As such, I would like to take this opportunity to request that your council write to the Minister of Environment and Climate Change Strategy - to thank them for the temporary ban of SGARs **and to ask them to make the change permanent.**

[The Minister's Order](#), in effect until January 2023 includes:

- Restricting who can buy and use SGARs (allowed for essential services only)
- Requiring sellers to prevent unauthorized buyers
- Requiring that SGARs are only used as part of an Integrated Pest Management (IPM) program. This involves identifying the species, determining their population level, identifying and sealing entry points, removing attractants and shelter, incorporating alternatives to rodenticides, and evaluating if the control measures are effective.
- Requiring proper disposal of SGARs
- Requiring record keeping for the sale and use of SGARs (for 3 years)

Unfortunately, **only three specific SGAR products are covered by this Order.** First-generation anticoagulant rodenticides (FGARs) like warfarin, chlorophacinone, and diphacinone are still legal for personal and professional use. These products are an older, slower-acting, and less potent product compared to SGARs – but rodents still suffer the same effects and can develop resistance to these products, making them ineffective for long-term use. Certain non-anticoagulant rodenticides such as bromethalin, which are generally neurotoxins, are also still legal for personal and professional use. There is no antidote for bromethalin if it is accidentally ingested by cats or dogs. Their only hope is to make it to a veterinarian in time to induce vomiting. Once a pet is showing signs of bromethalin poisoning – seizures, muscle tremors, or inability to walk – it's generally too late to treat them, and death is inevitable.

Additionally, designated essential services with a certified pesticide applicator on staff may still buy and use SGARs. While it is important that these essential services control rodent populations for health, safety, and critical societal functioning, the exemption means rodent control operators are unlikely to change their service model. **Integrated Pest Management (IPM) – using prevention and attractant management first** – is often skipped to the default use of rodenticide baiting programs that do not aim to solve the initial pest problem. Further, compliance with IPM regulations for such programs is low. In 2019, a total of 311 inspections were conducted by provincial IPM Officers. Of these, only 39% were in compliance. Although many of these non-compliances were administrative or minor in nature, it highlights an existing problem with enforcement and user understanding.

The BC SPCA recognizes that unfortunately, there are currently no fast-acting or pain-free rodenticides and therefore recommends that rodenticides only be used in limited cases of infestation when human health and safety are at immediate risk. If they must be used in essential service locations, precautions to minimize exposure to non-target wildlife and pets must be taken, such as limiting the length of time used and retrieving leftover bait. Alternatively, using snap or captive-bolt traps can provide humane lethal control. We are also optimistic that a new rodent contraception being used in the U.S., and a new multi-capture kill trap under development locally, will be available here in the near future, providing additional effective alternatives to rodenticides.

The BC SPCA is committed to reducing harms to animals and keeping our communities safe from poisons – we have publicly listed all municipalities that have made this humane change that goes beyond the Minister’s Order so far: <https://spca.bc.ca/safe-from-poison>. Further, over the past year, the BC SPCA worked with the District of North Vancouver to develop and operationalize a **rodent risk assessment checklist** for municipalities. The risk assessment and other helpful resources for municipalities are available online at: <https://animalkind.ca/wildlife/resources-for-municipalities/>

The temporary provincial ban of three second-generation anticoagulants for certain properties is a great start, but we need to protect our community’s animals more broadly and indefinitely. **We’re asking you to write to the Minister to thank them for making this change – and ask for a permanent and expanded ban that reflects current science and compliance risks.** Please consider writing a letter of support to:

Hon. George Heyman
ENV.Minister@gov.bc.ca

Thank you for your continued protection of animals and communities in B.C.,

Stay safe as COVID-19 cases increase

IH-WIDE – As COVID-19 cases increase in other areas of British Columbia, Interior Health is advising residents in the Interior Region to expect a similar increase in cases in their communities, and urging to take steps to minimize their risk to COVID-19.

“Social connections with family and friends over the holidays are important. As we make plans to gather please take steps to decrease your risk of getting sick or spreading disease to others. Omicron is much more transmissible, and gatherings can increase our risk of being exposed. For this reason, we are asking residents in the Interior region to please follow the provincial order to allow for safer gatherings this holidays,” said Dr. Silvina Mema, Interior Health medical health officer. “I encourage everyone to take additional steps to limit the spread of COVID-19 as much as possible.”

Get Vaccinated. Book your booster dose as soon as you are eligible and invited to book an appointment at a clinic or pharmacy. Vaccines are available to everyone five and older.

Stay home if you are feeling unwell. Don't risk spreading any infection to others. Postpone plans to get together with others and limit your contacts as much as possible while you're sick.

Get tested. Testing sites are experiencing increased demand for testing and more appointments are being added regularly. Use the [BC COVID-19 Self-Assessment Tool](#) to determine if you need a test for COVID-19. Stay isolated if you have symptoms while you wait for your test result.

Be vigilant. As COVID-19 case activity increases, pay attention to your health and the health of your children.

Mask up. Wear a mask over your nose and mouth in indoor public settings and situations where physical distancing isn't possible.

Keep your personal gatherings small and to people who are fully vaccinated. Keep household gatherings to the same 10 guests or one other household. Provide enough space to avoid crowding inside and open a window every hour to allow for circulation to reduce the risk.

Gather outdoors rather than indoors. Outdoor activities like hiking, snowshoeing, or gathering around a fire are a safer option to gathering indoors.

Minimize non-essential travel. Stay close to home to help prevent the virus spreading to other communities. Do not travel if you are not vaccinated.

For the latest public health orders and public guidance, visit: <https://www2.gov.bc.ca/gov/content/covid-19/info/restrictions>

When to get a COVID-19 test: Updated guidelines

IH WIDE – As COVID-19 activity increases across B.C., guidance for when to get a COVID-19 test has been updated.

A COVID-19 test is not recommended if:

- You have no symptoms, even if you are a close contact of someone who has tested positive.
- You are fully vaccinated (two doses), experiencing mild symptoms and can manage your illness at home. Self-isolate for seven days. Notify your close contacts so they can self-monitor for symptoms.

A COVID-19 test is recommended if:

- You are experiencing **one or more** of the following symptoms: fever or chills; cough; loss of sense of smell or taste; or difficulty breathing.
- You have experienced one or more of the following symptoms **for longer than 24 hours with no improvement**: sore throat; loss of appetite; headache or body aches; extreme fatigue; nausea or vomiting; diarrhea.

If you feel unwell and are unsure about your symptoms, contact your health care provider or call 8-1-1.

Still not sure? Use the B.C. [COVID-19 Self-Assessment Tool](#) to determine if you need to be tested.

More details and a full list of eligible symptoms and criteria is found here: [When to get a COVID-19 test](#)

Rapid COVID-19 tests at IH Community Collection Centres – week of Dec. 27

Rapid COVID-19 tests will be available at [Interior Health Community Collection Centres](#) (testing centres), beginning the week of Dec. 27. Where available, rapid tests may be provided to individuals experiencing symptoms of COVID-19 and according to risk factors.

No appointment is required to pick up a rapid test. Access may be temporarily limited depending on the supply available.

If a rapid COVID-19 test indicates a positive result, you must continue to self-isolate and follow the guidance included in the test package, including how to self-report a positive result. For more information, visit: [Understanding Test Results](#).

For the latest public health orders and public guidance, visit: <https://www2.gov.bc.ca/gov/content/covid-19/info/restrictions>

For a list of all Interior Health COVID-19 immunization clinics and other resources visit: <https://www.interiorhealth.ca/health-and-wellness/disease-outbreaks/covid-19/immunization-clinics>

City of Salmon Arm
500-2 Avenue NE
Box 40
Salmon Arm, BC V1E 4N2

Dear City of Salmon Arm,

Thank you for applying to the *BC Hydro Community ReGreening Grant* program. We at Tree Canada – a non-profit organization dedicated to planting and nurturing trees in urban areas across Canada – are proud to support your efforts.

We are also grateful to count on the dedication of individual and corporate donors who believe in our mission and contribute to our programs. As such, we would like to recognize BC Hydro for their steadfast support and ask that you consider writing to our sponsor to thank them, and encourage them to continue with their support of our programs. An email can be sent to:

Patricia Larga: patricia.larga@bchydro.com

Since we rely on partners like you to ensure communities are made aware of the assistance we provide, we encourage you to add treecanada.ca to your municipal website and to follow us on social media. If you prefer, you can connect your Communications Department to ours by reaching out to cburnup@treecanada.ca. We would also be grateful to receive photos or an update as your projects continue to evolve.

Thank you for helping to create a greener and healthier living environment.

Yours truly,

Danielle St-Aubin, MBA
Chief Executive Officer

Dear Mayor Harrison:

Re: UBCM Meeting 2021

Thank you for taking the time to meet with me virtually during the Union of British Columbia Municipalities (UBCM) Convention.

It was great to discuss with you the Ross Street Underpass, the City's application to the Active Transportation Network Planning Grant, the BC Air Access Grant, the intersection of Highway 97B and 10th Avenue SE and the Salmon Arm West project.

Thank you, as well, for your letter of September 13, 2021, following up on these topics.

It is a privilege to come together during the UBCM Convention to collectively envision how the challenges we face can be transformed into a resilient future for all British Columbians. The dedication and compassion local governments continue to demonstrate while protecting our communities and balancing diverse priorities is truly admirable.

I am glad that work is moving forward on the Ross Street Underpass. I appreciate the invitation to the opening and look forward to attending. It was also great to hear about the many people involved in the City's Active Transportation Task Force. You may be aware that the provincial government's CleanBC Roadmap to 2030 aims to increase the share of trips made by walking, cycling and transit to 30 per cent by 2030.

British Columbians have shown a growing interest in active transportation during the pandemic. In response, our government provided an additional \$16.7 million toward dozens of active transportation improvements through Stronger BC: BC's Economic Recovery Plan. Improvements have been made to multi-use pathways, rail trails, highway crossings, sidewalks, road shoulders and lighting on provincial infrastructure across the province.

.../2

I was pleased that your application to the BC Active Transportation Network Planning Grant Program was successful. I encourage you to apply again in the future for other segments of your plan, and I have asked Kate Berniaz, Manager of Transportation Programs, to ensure you have the support you need. Should you wish to contact Ms. Berniaz, she can be reached at 250 419-8544 or Kate.Berniaz@gov.bc.ca.

I have asked Reg Faubert, Manager of Programs and Air Policy, to contact your staff to discuss to discuss your interest in the BC Air Access Program and the proposed runway project at the Shuswap Regional Airport. Mr. Faubert can be reached at 778 974-4977 or Reg.Faubert@gov.bc.ca.

I have also asked District Manager Erik Lachmuth to follow up with the City to share the results of the ministry's engineering review of the intersection of Highway 97B and 10th Avenue SE. Mr. Lachmuth will discuss next steps with you and can also be reached at 236 766-7194 or Erik.Lachmuth@gov.bc.ca.

The ministry continues to engage with First Nations regarding the Salmon Arm West project. Staff will share information regarding infrastructure naming processes to guide the City's approach to naming the new bridge after Dr. Mary Thomas. I am encouraged to know that this name is supported by the Salmon Arm community and the First Nations involved in the project. If you would like to discuss this idea further, please do not hesitate to contact Jennifer Fraser, Director of the Trans-Canada Highway Program, at 778 362-4541 or Jennifer.Fraser@gov.bc.ca.

As we move forward as a province, our transportation network will play a vital role in supporting economic recovery and creating healthy, sustainable communities. Thanks to leaders like you, we can overcome any obstacle as we work together to create new opportunities for innovation and growth.

Thank you again for taking the time to meet.

Sincerely,

Rob Fleming

Brad Vis, MP for Mission-Matsqui-Fraser Canyon
House of Commons
Ottawa, Ontario K1A 0A6

To: Mr. Brad Vis:

RE: BC Wildfires Petition

The District of Lillooet (the "District") Councillor Laurie Hopfl has taken part in conversations with many stakeholders across our community regarding the needed changes to protect BC forests and every living thing in them.

On December 7, 2021, Councillor Hopfl made a notice of motion at the District Regular Council Meeting and sought Council support for a call to action as outlined in a petition, "BC Wildfires" that was signed by 46 Lillooet area residents.

The BC Wildfires petition, enclosed with this correspondence, is addressed to the Government of Canada and asks for the Government of BC and Canada to empower local persons, those working with licensees, industry and contractors, Indigenous communities, ranchers and workers such as fire fighters, forestry workers, and all those that see the day-to-day issues and have front line knowledge to provide feedback on the inconsistencies and shortcomings with regard to forest management and wildfire prevention in order to help bring about much-needed change.

Inspired by the Ontario government who assembled an 'All Hazards Agency' that employs people to manage fire, flood and slides, we believe that BC needs this type of agency as well.

We believe that impacts to lumber prices and job availability, mill closures, current and future mudslides, damage to critical habitat, and house insurance increases are trickle effects that will continue to have detrimental effects on BC's future if we do not make necessary changes to current forest practice procedures.

Consequently, the District of Lillooet calls upon the Provincial and Federal Governments to provide better forest management and wildfire protection by assessing the current policies and guidelines to enhance those that are working and to re-evaluate and change those that are not.

As such, the District Council passed resolution R-235-2021:

THAT Mayor and Council accept the petition "BC Wildfires" for information;

AND THAT the petition be provided to the House of Commons and that MP Brad Vis may address the petition there;

AND THAT staff write a letter on behalf of Mayor and Council that reiterates and supports the points in the petition;

AND FURTHER THAT the letter be sent to the MLA, MP, and all Councils of BC communities.

We respectfully request that you present the BC Wildfires petition to the Clerk of Petitions and upon receiving certification, to the House of Commons.

We invite other BC communities to adopt similar resolutions and join our efforts to bring about change in BC.

On behalf of Council, thank you for your consideration of this request.

Sincerely,

Mayor Peter Busse
District of Lillooet

cc: All UBCM Member Local Governments
Jackie Tegart, MLA for Fraser-Nicola
encl. BC Wildfires petition

BC Wildfires:

Whereas:

We are calling for better forest management and wildfire prevention as well as empowering Local People, working with Licensees, Industry & Contractors, Indigenous Communities, Ranchers, and boots on the ground workers such as Fire Fighters, Forestry workers, and all those that see day to day issues and have the frontline knowledge to provide feedback on the inconsistencies and can help to create change.

Ontario created an 'All Hazards Agency' that employs people to manage fire, flood and slides. We believe BC needs this too. Create full time, year around employment for forest restoration and management for fire fighters.

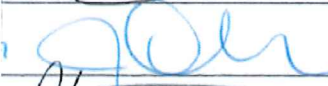

The trickle effect of lumber prices and availability along with jobs, mill closures, current and future mudslides, damage to critical habitat, and house insurance increases will have an alarming effect on BC's future if we don't change the current forest practice procedures.

We need to make a change to protect BC Forests and every living thing in it.

Therefore:

This petition is calling on our Provincial and Federal Governments to provide better forest management and wildfire protection by assessing the current policies and guidelines to enhance those that are working and to re-evaluate and change those that are not.

Gambling Awareness Week

MARCH 20-26, 2022

Ask about our services and how we can better support you.

Learn more about gaming and gambling support programmes available to you.

Support yourself and others by raising awareness and ending stigma.

Gambling Awareness Week 2022 is supported by Gambling Support BC, a provincially funded program that provides **free** education, **free** presentations, and **free** counselling to communities across the province. We are a **gaming and gambling neutral program**, providing support and community engagement to fit the needs of diverse communities and people.

30/30 Community Challenge

We are encouraging **30 Southern-Interior communities to proclaim the week of March 20-26 as Gambling Awareness Week**, to start meaningful conversations about how gaming and gambling are involved with our day-to-day lives.

To support communities in the effort to raise awareness for gaming and gambling support, we can offer digital and print resources, social media graphics, informative websites, local workshops, presentations, and webinars.

Did you know that the earlier kids participate in gambling, the more at risk they are of developing a problem? Canadian researchers found that most problem gamblers began gambling as early as **ten years old**?

Find Your Balance

preventionserviceskamloops.ca

le poisson représente le "salmon" parti de Salmon Arm, et les indigènes car il faisait beaucoup de pêche pour les salmon. L'eau représente le lac, car ont vit très proche. Et le soleil représente les beau conditions et comment c'est un ville petit mais contente et plein de bonne choses et personnes.

In this proposed flag idea, I used the same colours that are on the current Salmon Arm flag, but in a way that better adheres to the guidelines of a good flag. The Ida mountain range symbolises growth and big ideas, and the salmon symbolizes the sense of community, as well as represents the species that sustained the people here for so many years.

Blue stripes: Shuswap Lake, Water

Fish mountain hybrid: for the name "Salmon" Arm, and
mountain for Mount Ida

Colors: I have no idea about the orange but the blue
is Ida blue, for mount Ida. Clever.

The little jumps on the bottom: they mean person, it's an
indigenous/aboriginal symbol

Not Ida blue

1

Life is a pony.
Bagel bites.

Les montagne vert symbolisé Mt. Ida, et la
saumon symbolisé l'importance et la signification
des cours de saumon. (ça va être l'orange de
salmon Arm.) Le bleu vague est les rivières que
les saumons nagé dans, et la lac shuswap, car c'est
un grand attraction des touristes. (ça va être le bleu d'Ida)

Le ~~monte~~ cercle représente que la ville de Salmon Arm
est entourer par des montagnes. Ça aussi représente
qu'on a 4 saisons.

Le canal représente que la ville de Salmon Arm
est sur la territoire non-cédé des Secwepemc.

The mountains symbolize the mountains that surround us as well as Mount Ida. The salmon is symbolique to indigenous people and it also includes the name of our town. The sun is a representation of the sun on the flag of British Columbia.

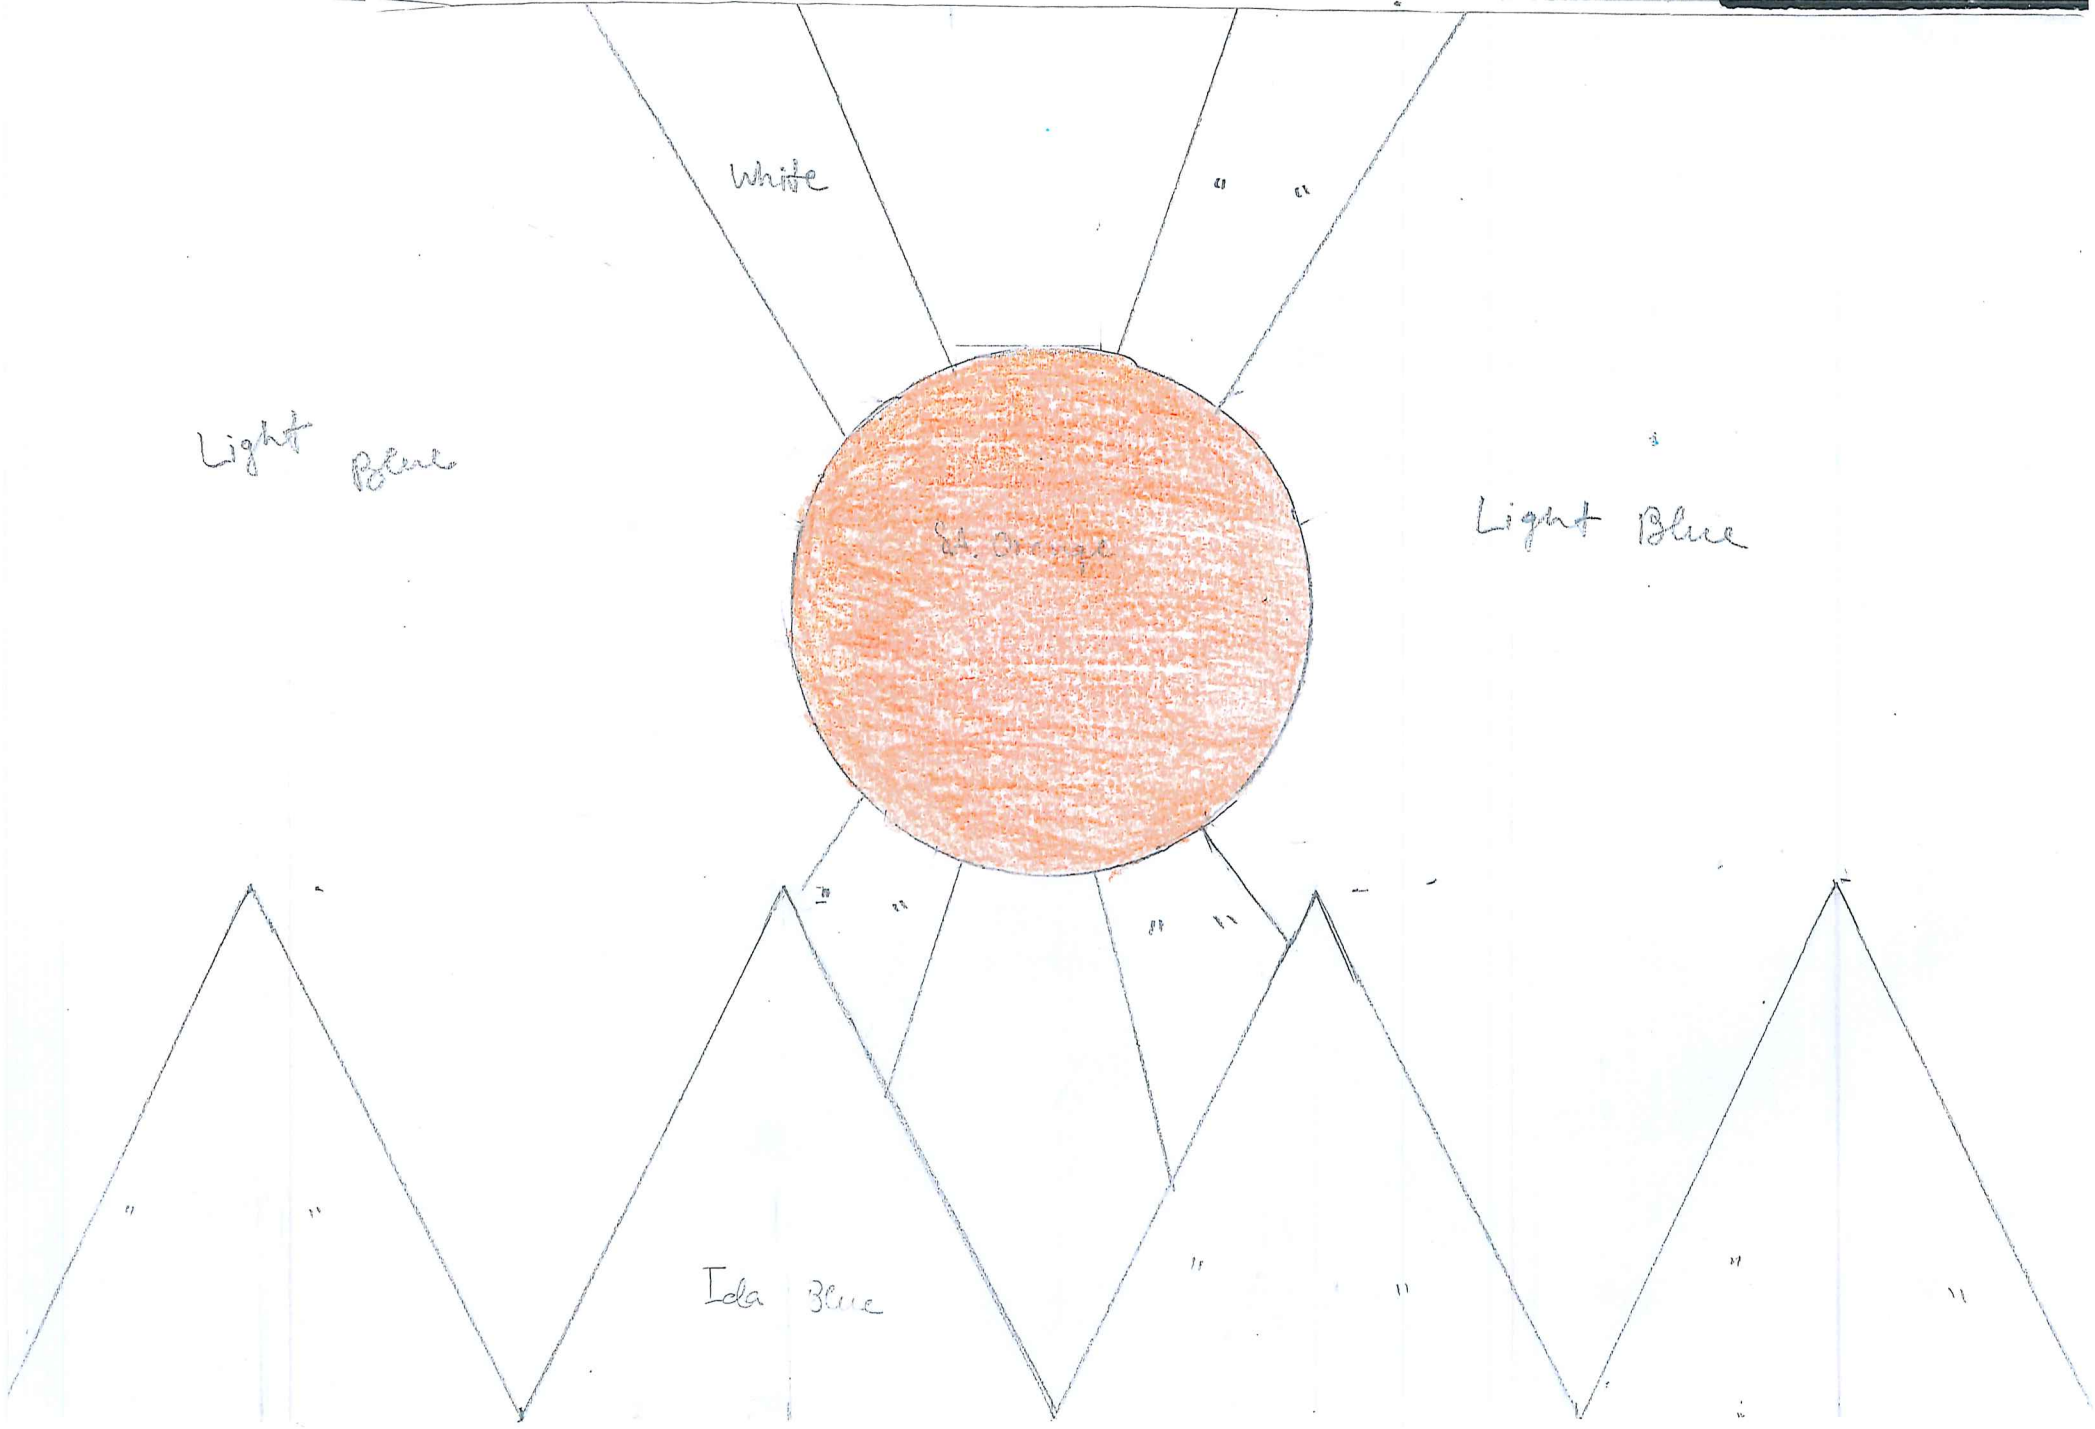

* mountains should be filled with a blue.

The four triangles on the bottom represent the four mountains surrounding us.

- The circle in the middle represents the sun that is here so often all year round.
- The four stripes leading away from the centre represent the four arms of Lake Zhushuap.
- The light blue background represents the bright blue sky.

Salmon
for our rivers
and indigenous
people

Orange: recalling the indigenous community in SA and surrounding areas

Blue: Mt. Ida blue, because mt. Ida blue

Mountains: Mountains (except mt. Ida, because it already has it's own colour)

Salmon: Salmon(!)

OUR FLAG

The mountains on our flag symbolize that Salmon Arm is a small city out in the country with lots of trails and opportunities for adventure. The mountains also represent the big ideas and growth of our small community. The salmon symbolizes that our community works together as one like salmon. The Salish art represents that we are all living and learning on the unceded territory of the Secwepmec peoples.

Evangeline

salmon arm is known for its lakes and big mountains. The water in the back symbolizes the shuswap lake and the mountains symbolize all the beautiful mountains around the town.

The hand represents one of the four "arms" of Shushwap Lake, which on the flag wraps around the arm.

The arm/hand also is a symbol of the people of Salmon Arm and how we are connected as a community and as a city.

The flag is coloured in Salmon Arm's two main colours, Salmon Arm orange & Ida Blue.

Eva Goldberg

The salmon represents Salmon Arm
The big line represents the work and uptown Salmon Arm
and downtown Salmon Arm.
The blue is supposed to be Ida blue and it represents
mount Ida while the orange is Salmon orange.

Even though in your eyes the current flag of Salmon Arm is a good flag I believe that this submission has improved upon your design. With the yellow border as a visually appealing it also represents how this town is surrounded by mountains.

A.

Qui est le bleu ?
La bleu dans la milieu
Symbolise la lac et les rivières.
La vert symbolise comment nous
ont beaucoup de nature et arbres.
La vert est autour du bleu car
la lac est entouré des arbres.

Mountains - we put mountains on our flag because we have mountains surrounding us
water - we put water on our flag because of the lake and because it's in the center of the city.

Salmon - And of course the salmon, it's in the name.

Color - we colored the salmon and left the rest to symbolize how important
ie salmon is.
