Subject: [External] Homeless shelter

Good Morning

I am writing to express my concern over the location of the homeless shelter.
Has council requested the planning dept to explore multiple options for the relocation?
Has a feasibility study been done on potential options?
This is a pretty big decision to be made and to allocate tax payers money without adequately exploring options and giving the community sufficient time to respond.
The waterfront is home to a population that is quite a bit older and therefore more vulnerable than the average population in town.
I feel that the city is putting their most vulnerable community members at risk as a result.

Thanks
Lorraine Farrell
