Dear Fundholders,

We hope this letter finds you in good health and high spirits. We are writing today to provide you with an update on a few of the exciting initiatives and developments taking place at Shuswap Community Foundation (SCF).

First and foremost, the SCF board and staff want to express our deepest gratitude for your continued support and trust in our mission to create positive change within the Shuswap. Your generosity has allowed us to fund a multitude of projects throughout the year, including:

Dolly Parton's Imagination Library - Literacy Alliance of the Shuswap Society. This program promotes reading, early literacy skills, school readiness, and family literacy in the Shuswap.

Bird Viewing Platform and Board Walk - Salmon Arm Bay Nature Enhancement Society. Replacing the existing Beaver Board Walk with an expanded version which includes a larger viewing platform will improve accessibility to this unique Shuswap treasure.

Solar Power for Station 106 Boathouse - Shuswap Lifeboat Society. The installation of solar panels will reduce operating costs and enable the Society to allocate resources towards ensuring safety on Shuswap Lake.

In addition to project funding, the foundation is proud to have forged influential partnerships across the region and the country, particularly through the federal government's Community Services Recovery Fund. This program provided over \$200,000 in support in 2023 to Shuswap community service providers affected by the pandemic.

The Foundation board is also in the process of transitioning to a governance structure. This shift will enable the board to enhance our strategic focus, streamline decision-making processes, and promote transparency and accountability. As part of this change, we are delighted to announce that Roger Parenteau, former Foundation Manager, has accepted the position of Executive Director. With a profound dedication to community development and a strong background in non-profit management, Roger brings a wealth of expertise to his new role. His leadership, along with the support of Foundation administrator, Robyn Keating, will be instrumental in advancing SCF's mission and accomplishing our shared objectives.

Lastly, we want to inform you about an adjustment to our administrative fee. To sustain SCF's operational needs and continue providing quality services to our fundholders and community, we have increased the administrative fee from 1.4% to 1.6%. This adjustment took effect on July 1, 2023, and will enable us to maintain our commitment to excellence as well as continue to provide the support necessary to be an effective funder of grants to the Shuswap community.

**CONNECTING PEOPLE OF THE SHUSWAP WITH CAUSES THAT MATTER IN OUR COMMUNITIES**

*The Shuswap Community Foundation works within Secwepemc'ulucw, the unceded and ancestral home of the Secwepemc People whose deep connection to this land continues to this day.*

We truly value your continued partnership and are committed to being transparent in all aspects of our operations. Should you have any questions or require further clarification regarding the projects we have funded, partnerships we have supported, our governance transition, or the administrative fee adjustment, please do not hesitate to reach out to our team. We are here to provide any information or support you may need. With this new structure in place, we are confident in our ability to have a greater impact within the Shuswap and ensure long-term sustainability.

Once again, thank you for your unwavering support of the Shuswap Community Foundation. It is through your generosity that we can continue making a positive difference in the lives of individuals and organizations across the Shuswap. Together, we are building a brighter future for all.

Warmest regards,

*The Board and Staff of Shuswap Community Foundation*

Subject:	22 MARATHONS for VETERANS & FIRST RESPONDERS
Body	Good day,

My name is Sachin and I am reaching out to you as I will be in Revelstoke from August 2nd to 5th. I will be in the area as I am organizing and planning a charity event.

The charity even is called "Sach-in-Motion's Run to Remember". I will be running from Revelstoke all the way to Victoria, BC by running 22 marathons in 22 consecutive days (Approximately 1000km).

I am doing this to raise awareness and funds for veterans and first responders that suffer with mental health related issues.

I also work for the Federal government as a law enforcement officer and the charity I support is called The Honour House Society, which has a charity number and is recognized by the province.

I have attached the endorsement letter from Honour House and a bit of background what they do and how they help our Heroes.

Furthermore, I have added a few links to various media that I have been featured for this specific cause.

Thank you for the consideration and I look forward to hearing from you soon

Re: BC Wildfire Service Fire Fighting Equipment

Dear Mayor and Council / Board of Directors

At its June 29, 2023, Regular Meeting, the Peace River Regional District Chair and Directors endorsed the following resolution and resolved that it be forwarded to the UBCM members for consideration of support:

WHEREAS, the province of British Columbia is prone to wildfires, which pose significant threats to public safety, communities, property, and the environment, and where climate change has contributed to an increase in the frequency, intensity, and severity of wildfires, thereby placing an unprecedented strain on available firefighting equipment;

AND WHEREAS, the Provincial Government has the responsibility to ensure that the BC Wildfire Service has adequate resources, including equipment, to effectively respond to and manage wildfires to safeguard lives, protect infrastructure, and preserve the natural environment, and where the effectiveness and efficiency of the BC Wildfire Service's operations in the containment of wildfires heavily depend on the availability of adequate equipment and resources:

THEREFORE BE IT RESOLVED that the Provincial Government take immediate action to ensure that BC Wildfire is provided with all available firefighting equipment, including Coulson Aviation's Next Gen fire suppression equipment, and any other available Canadian company with aviation firefighting equipment, to combat wildfires during increased demand during peak wildfire seasons;

AND BE IT FURTHER RESOLVED that the Provincial Government explore partnerships with federal agencies, neighboring provinces, and available contractors to enhance equipment sharing and mutual aid agreements, ensuring a more robust response to wildfires and promoting regional collaboration in firefighting efforts.

Yours truly,

*Leonard Hiebert*

Chair

PEACE RIVER REGIONAL DISTRICT

**BACKGROUND INFORMATION:**

Wildfires pose a significant threat to public safety, communities, infrastructure, and wildlife. In British Columbia, wildfires have increased in frequency and severity in recent years. The efficient and effective management of wildfires requires access to a well-equipped and adequately resourced firefighting force, allowing BC Wildfire to respond rapidly to suppress and contain wildfires and sustain firefighting efforts during prolonged operations, minimizing their destructive impact. Inadequate access to firefighting equipment can lead to delayed response times, compromising firefighting efforts, and increased risk to human life and property. Therefore, the Province must ensure that BC Wildfire can access all available firefighting equipment.

Dear Mayor & Council, and Chief Administrative Officer,

I would like to draw your attention to a special report recently released by the Forest Practices Board, [Forest and Fire Management in BC: Toward Landscape Resilience](#). The report highlights an urgent need to change how BC's forests and landscapes are managed to reduce the risk of catastrophic wildfire. Over 39 million hectares of public land in BC are at high or extreme threat of wildfire, and the negative effects on health, the environment and the economy affect all British Columbians. The Board is calling for urgent action by the provincial government to create a province-wide vision and action plan to improve landscape resilience and reduce the risk of catastrophic wildfire.

This report aims to raise public and policymaker awareness about the broad negative consequences of catastrophic wildfire, the impacts of climate change, and the inability of current forest and fire management policies to solve this problem. The Board recognizes that the level of action required to address catastrophic wildfire will require coordination and cooperation across all levels of government. We encourage you to read the report, consider how a change in how landscapes are managed could benefit your community, and consider your role in effecting this change.

The Forest Practices Board will be a participant in the 2023 UBCM Convention and tradeshow. Please visit our booth to learn more about the Board's work, including the recommendations in the report.

The Forest Practices Board is BC's independent watchdog for sound forest and range practices, reporting its findings and recommendations directly to the public and government. The board audits forest and range practices on public lands and the appropriateness of government enforcement. It can also make recommendations for improvement to practices and legislation. To find out more, please visit our website at <https://www.bcfpb.ca/>

Sincerely,

Keith Atkinson  
Chair, BC Forest Practices Board

*Please forward to other persons as appropriate. Many thanks!*

Dear Mayor Alan Harrison and Council:

**RE: CANADA COMMUNITY-BUILDING FUND: FIRST COMMUNITY WORKS FUND  
PAYMENT FOR 2023/2024**

I am pleased to advise that UBCM is in the process of distributing the first Community Works Fund (CWF) payment for fiscal 2023/2024. An electronic transfer of \$436,774.66 is expected to occur in August 2023. This payment is made in accordance with the payment schedule set out in your CWF Agreement with UBCM (see section 4 of your Agreement).

CWF is made available to eligible local governments by the Government of Canada pursuant to the Administrative Agreement. Funding under the program may be directed to local priorities that fall within one of the eligible project categories.

Further details regarding use of CWF and project eligibility are outlined in your CWF Agreement and details on the Canada Community-Building Fund can be found on our [website](#).

For further information, please contact Canada Community-Building Fund Program Services by e-mail at [ccbf@ubcm.ca](mailto:ccbf@ubcm.ca) or by phone at 250-356-5134.

Sincerely,

Councillor Jen Ford

**Subject:** [External] City Hall Lights for FASD Awareness Day- September 9th

Hello,

I am writing to inquire if it might be possible for the lights out front of City Hall be red for September 9<sup>th</sup>, 2023. CanFASD is using the HEX colour: #FF0000 (red) if applicable.

September 9<sup>th</sup> is nationally recognized as Fetal Alcohol Spectrum Disorder (FASD) Awareness Day. September 9<sup>th</sup> (9/9) was chosen to highlight the importance of going alcohol-free for the full nine months of pregnancy. It is also a day to help communities promote awareness and understanding of those who have FASD. FASD is estimated to affect about 4% of the Canadian population.

FASD is a diagnostic term used to describe impacts on the brain and body of individuals prenatally exposed to alcohol. FASD is a lifelong disability. Individuals with FASD will experience some degree of challenges in their daily living, and need support with motor skills, physical health, learning, memory, attention, communication, emotional regulation, and social skills to reach their full potential. Each individual with FASD is unique and has areas of both strengths and challenges. FASD is preventable, but like all other alcohol related harms such as addiction, total prevention is not a likely reality as it can oversimplify context in a woman or pregnant person's life. It may also define the issue as a single, easy choice which can erode society's understanding and compassion for an issue with multiple factors.

Other monuments and landmarks across Canada will be lighting up red on September 9<sup>th</sup> in honour of FASD Awareness Day. You can share with the hashtag #FASDMonth2023. If this is something that is possible, you can also submit the Salmon Arm City Hall to the growing list of national landmarks (e.g., BC Place, Vancouver Convention Centre, Vancouver Sails of Light, Victoria City Hall, CN Tower, Peace Bridge Niagra, and the list goes on <https://canfasd.ca/fasd-awareness-month/canada-rocks-red/#1656093793546-dbb97b58-8c9f>).

Thank you for your consideration to help promote awareness for FASD! Please do not hesitate to contact me with any questions or if you want to discuss further.
