SUBMISSION REQUIREMENTS: The Development Application Form must be completed in full and accompanied by all required submissions attached (see Development Application Requirements Table). If there is insufficient space provided for properties, and/or registered owners, attach Additional Form (pg.1) and/or Owners Authorization Form (pg. 2).

Are there any Schedule 2 Uses? (see attached SCHEDULE 2 information) Yes No

If YES, a **CONTAMINATED SITE DISCLOSURE STATEMENT (SDS)** form **MUST** be fill out and submitted to the City.
Find the SDS form on the Ministry of Environment (MOE) website [Site Remediation Services | British Columbia](#). **Until the City receives & reviews the SDS** Schedule 2 information, your Development Application will be placed on **HOLD**. **Note: If no Exemptions apply, the SDS form will be forwarded to the Ministry for further review. Your Development Application will remain on HOLD until such time MOE's decision is received.**

AUTHORIZATION:

As Registered Owner(s)/Applicant of the subject lands, I/we submit this application for the development of the subject properties and authorized the above noted Applicant/Primary Contact to act as my/our agent regarding this application.

If there are any changes in ownership, applicant, title or charges, legal description, or development proposal while this application is pending, City of Salmon Arm Development Services will be notified in writing immediately.

I/we have completed the above form and submitted all documents as described in the *Development Application Requirements* and certify the information contained herein is correct to the best of my/our knowledge.

I/we understand that this application, including submitted plans/reports, are public information and may be reproduced for the purpose of application processing. I/we understand the personal information collected on this form is collected in accordance with the Freedom of Information and Protection of Privacy Act, for the purpose of administering relevant planning and land use management processes pursuant to Part 14 of the Local Government Act. All information submitted may be used for reports to Council, available to the public upon request and distributed on the City's website.

I/we provide authorization for CSA staff to conduct an inspection of the subject properties, including buildings and understand that the application may not be processed until the properties are in compliance with City Bylaws.

DEVELOPMENT PERMIT WAIVER APPLICATION FORM

As of March 31, 2006 as part of the City of Salmon Arm's implementation of the Provincial Riparian Areas Regulation, this form is to be submitted in conjunction with the following development applications (Please check applicable box(es):

- Building Permit;
- Demolition Permit;
- Subdivision Approval;
- Strata Title Conversion;
- Site Specific Bylaw Amendment (eg. Zoning and/or OCP change);
- Development Permit;
- Development Variance Permit;
- Temporary Commercial and Industrial Permits;
- Special Needs Housing Application;
- Tree Cutting Permit

If you intend to develop, subdivide or alter land on property located within the **Environmentally Sensitive Riparian Areas Development Permit Area** or **Potential Hazardous Areas Development Permit Area**, you must first obtain a Development Permit. You may be eligible for a waiver from this requirement. If a waiver form is approved by the Director of Development Services, then a Development Permit application is not required. An approved **Waiver** exempts some or all Development Permit Area Guideline requirements and may also be subject to the registration of a Covenant or other terms and conditions outlined in this form.

NAME OF APPLICANT: _____ PH#: _____

Mailing Address: _____ Postal Code: _____

Email: _____

Owner (if not the applicant): _____

Civic Address _____

Legal Description: LOT: _____ BLK: _____ PLAN: _____ SEC.: _____ TWP: _____ RGE: _____

Official Community Plan Designation: _____ Zoning Category: _____

Provide a brief description of the proposal:

Information contained in this form may be subject to *Freedom of Information and Protection of Privacy Act* inquiries.

Map H – Environmentally Sensitive Areas and Map Q – Potential Hazards of the City of Salmon Official Community Plan are included as part of the attached information. Please note that the approximate locations of Environmentally Sensitive Riparian Areas are shown, but the inventory is incomplete and additional mapping and review may be required from the property owner or their agent, including site survey and/or assessment by a Qualified Environmental Professional (QEP) as set out in the Riparian Areas Regulation.

Does the property contain any of the following:

1. Potential Hazardous Area? Yes No Maybe

Describe (if required) _____

2. Environmentally Sensitive Riparian Area? Yes No Maybe

Describe (if required) _____

3. Environmentally Sensitive Stream*? Yes No Maybe

Describe (if required) _____

(*An environmentally sensitive stream is defined by the Riparian Areas Regulation – see attached Guide)

4. Riparian Assessment Area* of an Environmentally Sensitive Stream? Yes No Maybe

Describe (if required) _____

(*A riparian assessment area is as defined by the Riparian Areas Regulation – see attached Guide)

A detailed Site Plan may be required to be submitted by the property owner. A detailed Site Plan would need to include:

- parcel boundaries, location of any existing or proposed buildings, drainage, access, egress, large rock outcrops, treed areas, embankments, slopes, and any other significant natural features.
- If applicable, show streams and ravines, as well as riparian assessment areas, as each is defined in the Provincial Riparian Areas Regulation and Environmentally Sensitive Riparian Areas Development Permit Area and Potential Hazardous Areas Development Permit Area of City of Salmon Arm Official Community Plan.
- Development, as defined by the Riparian Areas Regulation, if it is proposed within a riparian assessment area.

I, _____ am the registered property owner and
(please print)

acknowledge that the foregoing is true and correct:

Signature of Property Owner

Signature of Agent

Date _____

Date _____

The following is to be filled out by City of Salmon Arm staff:

Staff Initials

Property Status:

- Site visit completed? If no explain _____
- No riparian streams, ravines, or riparian assessment areas on the property.
- Riparian streams, ravines, or riparian assessment areas on the property.
For development purposes
 - Development within footprint of existing building.
 - Demolition.
 - Development >30m from the high water mark of a water course.
 - Development ≤30m from the high water mark of a water course.
- No Hazardous Areas on the property.
- Potential Hazardous Areas (slopes ≥ 30%) on the property.
For development purposes
 - Development within footprint of existing building.
 - Demolition.
 - Development unaffected by hazard.
 - Development may be affected by hazard.

Comments: _____

Waiver application approved: Yes No Yes, subject to terms and conditions

Terms and conditions of this waiver (if applicable):

- Restrictive Covenant for riparian assessment area: Yes No
- Assessment prepared by a Qualified Environmental Professional (QEP): Yes No
- Restrictive Covenant for streamside protection and enhancement area identified by QEP: Yes No
- Geotechnical Report: Yes No
- Restrictive Covenant associated with Geotechnical Report: Yes No
- Other: _____

Reason(s) this waiver application has been denied (if applicable):

DEVELOPMENT PERMIT WAIVER

This waiver application is hereby: **APPROVED** **DENIED** by:

Director of Development Services

Date

**A GUIDE TO PROVINCIAL RIPARIAN
AREAS REGULATION and
ENVIRONMENTALLY SENSITIVE
RIPARIAN AREAS**

This guide is not a legal document; it is intended to provide information about the Provincial Riparian Areas Regulation and development of properties with or near riparian areas. Following the steps herein does not constitute approval of an application. While every care is taken in the preparation of this brochure, the City of Salmon Arm assumes no responsibility or liability with respect to its contents. The public is advised to review the applicable legislation and bylaws and conduct its own enquiries with Development Services Department staff.

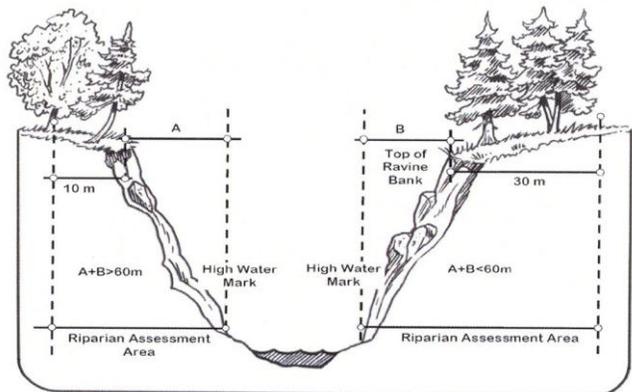

**WHAT IS THE PROVINCIAL RIPARIAN
AREAS REGULATION?**

The Riparian Areas Regulation (RAR) is a Provincial initiative, under the *Fish Protection Act*, to protect fish and fish habitat.

As required by RAR, local governments must protect fish and fish habitat as they are impacted by new residential, commercial and industrial development on private lands or privately-used Crown lands. Any development intended within a riparian assessment area is to be subject to an assessment conducted by a Qualified Environmental Professional (QEP), who will certify how the land may be developed so there will be no harmful alteration, disruption or destruction of natural features, functions and conditions that support life processes in the riparian assessment area.

The riparian assessment area, as defined in RAR means:

- (a) for a stream, the 30 metre strip on both sides of the stream measured from the high water mark;
- (b) for a ravine less than 60 metres wide, a strip on both sides of the stream measured from the high water mark to a point that is 30 metres beyond the top of the ravine bank; and
- (c) for a ravine 60 metres wide or greater, a strip on both sides of the stream measured from the high water mark to a point that is 10 metres beyond the top of the ravine bank.

Stream, as defined in RAR, means any of the following that provide fish habitat:

- (a) a watercourse, whether it usually contains water or not;
- (b) a pond, lake, river, creek, or brook;
- (c) a ditch, spring or wetland that is connected by surface flow to something referred to in paragraph (a) or (b).

Development, as defined in RAR, means any of the following associated with or resulting from the local government regulation or approval of residential, commercial, or industrial activities or ancillary activities:

- removal, alteration, disruption or destruction of vegetation;
- disturbance of soils;
- construction or erection of buildings or structures;
- creation of non-structural impervious or semi-pervious surfaces;
- flood protection works;
- construction of roads, trails, docks, wharves, and bridges;
- provision and maintenance of sewer and water services;
- development of drainage systems;
- development of utility corridors; and
- subdivision as defined in Section 872 of the *Local Government Act*.

Under RAR, local governments may allow development within 30 metres of the high water mark of a stream or the top of a ravine bank within the riparian assessment area, provided that:

- the prescribed riparian assessment methods outlined in RAR have been undertaken by a QEP;
- the QEP provides an opinion in an assessment report to the Provincial Ministry of the Environment that the development will not result in any harmful alteration of riparian fish habitat if the streamside protection and enhancement area is to be less than the riparian assessment area; and
- the City is notified by the Ministry of Environment that an assessment certified by a QEP to identify the streamside protection and enhancement area has been prepared in accordance with the Riparian Areas Regulation.

The QEP can help plan a development so that it will avoid impacting fish habitat and identify measures to maintain the integrity of the riparian area in a development project.

Further information about the Provincial Riparian Areas Regulation may be found at:

http://www.env.gov.bc.ca/habitat/fish_protection_act/riparian/riparian_areas.html.

For a list of Qualified Environmental Professionals (QEP's) active in the Shuswap Watershed, please go to the Shuswap Lake Integrated Planning Process (SLIPP) website at the location:

<http://slippbc.com/qeps-in-the-shuswap>

WHAT IS AN ENVIRONMENTALLY SENSITIVE WATERCOURSE?

The implementation of RAR in the City of Salmon Arm has included the designation of riparian assessment areas for Environmentally Sensitive Riparian Areas and the requirements of an Environmentally Sensitive Riparian Areas Development Permit.

Environmentally Sensitive Areas, Riparian, High water, floodplain and Ecosystems, shown on Maps G & H of the City of Salmon Arm Official Community Plan are designated Environmentally Sensitive Development Permit Area (Maps G & H are attached to the Development Permit Waiver Application Form). Map H designates the entire City of Salmon Arm as an Environmentally Sensitive Riparian Area. The approximate locations of known Environmentally Sensitive Riparian Areas are shown on Map H, but this inventory is incomplete and additional mapping is required.

All property owners or their agents applying for a development application are required to submit a completed "Waiver Application." Refer below for information about the types of development applications and the Waiver Application process.

The onus is on property owners or their agents to determine if an Environmentally Sensitive Riparian Area and its riparian assessment areas affects their property. In order to determine the location of an Environmentally Sensitive Riparian Area on a parcel, a property owner/agent may be required to submit a plan prepared by a BC Land Surveyor (BCLS) that identifies the high water mark (and/or top of ravine bank) and the boundaries of the riparian assessment area. The high water mark and the boundaries of the riparian area assessment area may need to be confirmed by a QEP hired by the property owner/agent.

WHAT IS AN ENVIRONMENTALLY SENSITIVE RIPARIAN AREAS DEVELOPMENT PERMIT AREA?

Environmentally Sensitive Riparian Areas Development Permit Areas affect all parcels of land adjacent to or containing a stream as defined in RAR. The Environmentally Sensitive Riparian Areas Development Permit Area is equivalent to the riparian assessment area of the Riparian Areas Regulation.

WHAT IS AN ENVIRONMENTALLY SENSITIVE RIPARIAN AREAS DEVELOPMENT PERMIT?

All properties that are affected by an Environmentally Sensitive Riparian Areas will require an Environmentally Sensitive Riparian Areas Development Permit prior to:

- (a) alteration of land;
- (b) subdivision; or
- (c) construction of, addition to, or alteration of a building or structure.

A Development Permit application, including information submitted by the applicant, a staff report, and public input received at a hearing, is considered for issuance by City Council. The issuance of a Development Permit is at the discretion of City Council.

The following development applications proposed for a property affected by an Environmentally Sensitive Riparian Area will require an Environmentally Sensitive Riparian Areas Development Permit to be issued prior to approval being considered by the City:

- Building Permit;
- Demolition Permit;
- Subdivision Approval;
- Strata Title Conversion;
- Site Specific Bylaw Amendment (e.g. Zoning and/or OCP change);
- Development Permit;
- Development Variance Permit;
- Temporary Commercial and Industrial Permits;
- Special Needs Housing Application;
- Tree Cutting Permit.

Alternatively, property owners or their agents may apply for a waiver for an Environmentally Sensitive Riparian Areas Development Permit.

WHAT IS A WAIVER FOR AN ENVIRONMENTALLY SENSITIVE RIPARIAN AREAS DEVELOPMENT PERMIT?

Before making application for a Development Permit, property owners or their agents may complete and submit a "Waiver Application" form (copy attached) to determine whether the proposed development qualifies for a waiver of the Development Permit process.

Qualifying projects may be issued a waiver by the Director of Development Services in the following circumstances:

- The registration of a restrictive covenant on the subject property by the owner in favour of and to the satisfaction of the City of Salmon Arm that protects the riparian assessment area from development as defined in RAR and specifies how the area is to be protected and/or maintained.

- Notification to the City by the Ministry of the Environment that an assessment certified by a QEP to identify the streamside protection and enhancement area has been prepared in accordance with RAR and the registration of a restrictive covenant on the subject property by the owner in favour of and to the satisfaction of the City of Salmon Arm that protects the streamside protection and enhancement area identified in the assessment and specifies how the area is to be protected and/or maintained.

An applicant for a waiver may be required to submit a plan prepared by a BC Land Surveyor (BCLS) that identifies the high water mark (and/or top of ravine bank) and the boundaries of the riparian area assessment area and/or the streamside protection and enhancement area as identified in a certified assessment prepared by the Qualified Environmental Professional. The plan may be required to be a schedule as part of a restrictive covenant registered as a condition of a waiver approval.

Any breach of the waiver terms may result in the cancellation of the waiver. Such cancellation may require that the property owner apply for a Development Permit. The granting of a waiver does not absolve the applicant from other necessary approvals (e.g. Building Permits, etc.). Where waivers cannot be granted, a Development Permit will be required before the project can proceed.

ADDITIONAL INFORMATION

Additional information can be found in the City of Salmon Arm current Official Community Plan, Development Permit Areas.

If you have any questions or require assistance completing the "Waiver Application", please telephone the:

I	<p>Wood, pulp and paper products and related industries and activities</p> <ol style="list-style-type: none"> 1. particle or wafer board manufacturing 2. pulp mill operations 3. pulp and paper manufacturing 4. treated wood storage at the site of treatment 5. veneer or plywood manufacturing 6. wood treatment (antispain or preservation) 7. wood treatment chemical manufacturing, bulk storage

Division 3 — Exemptions from Providing Site Disclosure Statements

Exemption — other processes apply under the Act

- 4 (1) A person is exempt from the requirement to provide a site disclosure statement under section 40 (1) or (2) of the Act in relation to a site if
- (a) the site is the subject of an approval in principle or certificate of compliance relevant to
 - (i) the current use of the site, or
 - (ii) any use of the site proposed by the person, and
 - (b) the person, after making reasonable inquiries, has no reason to believe that any further contamination occurred at the site after the approval in principle or certificate was issued.
- (2) A person is exempt from the requirement to provide a site disclosure statement under section 40 (1) or (2) of the Act in relation to a site if
- (a) the site is located within an environmental management area for which a director has approved
 - (i) a wide area remediation plan, or
 - (ii) the scope of a proposed wide area remediation plan, and
 - (b) the site disclosure statement would be provided only as a result of uses or activities that caused contamination that is dealt with in the approved plan or scope.
- (3) A person is exempt from the requirement to provide a site disclosure statement under section 40 (1) or (2) of the Act in relation to a site if
- (a) a determination was made under section 44 of the Act that the site is not a contaminated site, and
 - (b) the person, after making reasonable inquiries, has no reason to believe that any contamination occurred at the site after the determination was made.

[en. B.C. Reg. 161/2020, App. 2, s. 3.]

Exemption — persons applying to approving officers

- 4.1 (1) A person is exempt from the requirement to provide a site disclosure statement to an approving officer under section 40 (1) (a) of the Act if either of the following applies:
- (a) the person is an applicant for subdivision under section 114 of the *Land Title Act*;
 - (b) the proposed subdivision consists only of
 - (i) an adjustment to the boundary of a parcel, or
 - (ii) a consolidation of 2 or more parcels into a single parcel.
- (2) If, in relation to a development on land, a person applies for or otherwise seeks from an approving officer more than one approval for subdivision at the same time, the person may comply with the requirement under section 40 (1) (a) of the Act by providing a single site disclosure statement relating to the land for the purposes of all those approvals.

[en. B.C. Reg. 161/2020, App. 2, s. 3.]

Exemption — persons applying to municipalities

- 4.2 (1) A person is exempt from the requirement to provide a site disclosure statement to a municipality under section 40 (1) (b) (i) of the Act if
- (a) the land in relation to which the person is seeking approval for zoning is being used for a specified industrial or commercial use, and
 - (b) the specified industrial or commercial use would continue to be authorized on the land if the zoning were approved.
- (2) A person is exempt from the requirement to provide a site disclosure statement to a municipality under section 40 (1) (b) (ii) of the Act if the development permit or building permit in relation to which the person is seeking approval is for only one or more of the following purposes:
- (a) demolition;
 - (b) installing or replacing underground utilities;
 - (c) installing or replacing fencing or signage;
 - (d) paving;
 - (e) landscaping.
- (3) If, in relation to a development on land, a person applies for or otherwise seeks from a municipality more than one approval for zoning or permits at the same time, the person may comply with the requirement under section 40 (1) (b) of the Act by providing a single site disclosure statement relating to the land for the purposes of all those approvals.

[en. B.C. Reg. 161/2020, App. 2, s. 3.]

Exemption — municipalities undertaking zoning or rezoning

- 4.3 A municipality undertaking to zone or rezone land is exempt from the requirement to provide a site disclosure statement under section 40 (1) (b) (i) of the Act if either of the following applies:
- (a) the municipality does not have an ownership interest in the land;
 - (b) the municipality does not intend to develop any parcels of land in which it has an ownership interest that are located within the area being zoned or rezoned.

[en. B.C. Reg. 161/2020, App. 2, s. 3.]

Exemption — more than one owner or operator required to provide site disclosure statement when ceasing operations on land

- 4.4 A person is exempt from the requirement to provide a site disclosure statement under section 40 (2) (a) of the Act in relation to land if
- (a) one or more other persons are also required to provide a site disclosure statement under that section as a result of a site being decommissioned on the land or operations ceasing on the land, as applicable, and
 - (b) the site disclosure statement is provided by one of those other persons.

[en. B.C. Reg. 161/2020, App. 2, s. 3.]

Exemption — operating areas under the *Oil and Gas Activities Act*

4.5 A person is exempt from the requirement to provide a site disclosure statement under section 40 (2) (b) and (c) of the Act in relation to land if the land is an operating area within the meaning of the *Oil and Gas Activities Act*.

[en. B.C. Reg. 161/2020, App. 2, s. 3.]

Exemption — vendors of real property

4.6 A vendor of real property is exempt from the requirement to provide a site disclosure statement under section 40 (6) of the Act if any of the following apply:

- (a) the vendor does not have an ownership interest in the real property;
- (b) the prospective purchaser waives, in writing, the entitlement to be provided with the site disclosure statement;
- (c) at the time of the contract for purchase and sale, the real property
 - (i) is used primarily for a residential purpose, or
 - (ii) has never been zoned for any use other than primarily for residential purposes.

[en. B.C. Reg. 161/2020, App. 2, s. 3.]

Exemption — previous submission of site profile

4.7 (1) In this section, "site profile" means a site profile under section 40 of the Act as that section read immediately before February 1, 2021.

(2) A person is exempt from the requirement to provide a site disclosure statement under section 40 (1) of the Act in relation to land if all of the following criteria are met:

- (a) a site profile that relates to the land was provided to a municipality or approving officer before February 1, 2021;
- (b) the municipality or approving officer, after assessing the site profile, forwarded the site profile to the registrar instead of the director in accordance with section 6 (1) (c) (ii) of this regulation, as it read immediately before February 1, 2021;
- (c) the land has not been used for a specified industrial or commercial use after the date on which the site profile was provided to the municipality or approving officer.

[en. B.C. Reg. 161/2020, App. 2, s. 3.]

Division 4 — Requirements for Site Disclosure Statement

Requirements for completing site disclosure statement

5 (1) The requirement of a person to provide a site disclosure statement under section 40 of the Act is not satisfied until the following occurs:

- (a) in the case of a site disclosure statement required to be provided under section 40 (1) of the Act, the municipality or approving officer assesses, in accordance with section 40 (4) (a) of the Act and section 6 of this regulation, that the site disclosure statement form is satisfactorily complete;
- (b) in any other case, the person provides all the information required by the site disclosure statement form.

(2) A site disclosure statement must be completed using the form set out in Schedule 1.

- (3) Only the following persons may complete a site disclosure statement:
- (a) an owner of the land to which the site disclosure statement relates;
 - (b) an operator of a site on the land to which the site disclosure statement relates;
 - (c) a person authorized by
 - (i) an owner referred to in paragraph (a), or
 - (ii) an operator referred to in paragraph (b).
- (4) Only a person referred to in subsection (3) (a) or (b) may sign the declaration on a site disclosure statement.

[en. B.C. Reg. 131/2020, App. s. 3.]
